

on thirty days' notice of proposed change of contract, to be submitted through his superintendents if he does not care to receive such notice directly from the representatives of these crafts acting jointly.

"The next move I should say would be to serve such notice."

effigy of Judge Hammond was hanged  
the street. Leaders of the mass ac-  
tion were subsequently arrested on fe-  
deral warrants charging conspiracy  
to obstruct the administration of justice  
in a United States court.

George P. Sweet, Grand Rapids, secretary and treasurer of the retailers' association and member of the human secretaries and several directors of retailers' organization.

If the bill were passed there would be a movement here in retaliation which the Japanese would desert plantations and return home to for the exclusion of the whites, more particularly Americans in Asia. Their cry would be Asia for the Asiatics.

WASHINGTON, Aug. 22.—In "the town of Yuma," there may be plenty of cowboys, but there may be plenty of police duty in the Mexican frontier in times of emergency. The War Department has ordered to establish two companies of troops at Fort Huachuca and Apache Junction, Arizona, instead of the one at present

Plank by plank, the nominee of party discussed the platform and expressed his approval of it. Regarding that plank in which it is provided no monopolies or special privileges.

(Continued on Next Page.)

Judge Hanford last week caused a storm of protest that a mass meeting was held at which the court was denounced in incendiary speeches and effigy of Judge Hanford was hanged from the street. Leaders of the mass meeting were subsequently arrested on federal warrants charging conspiracy to obstruct the administration of justice in a United States court.

Dealers' Association: Arthur Holmes of Detroit, vice-president of the Retail Association, a member of the lumber secretaries' bureau of information and publisher of The Scout; George P. Sweet, Grand Rapids, secretary and treasurer of the Retailers' Association and member of the lumber secretaries' and several directors of the Retailers' organization.

Congress in Japanese exclusion. For this reason, the papers say, if the bill were passed there would be a movement here in retaliation which the Japanese would desert plantations and return home to for the exclusion of the whites, more particularly Americans in Asia. Their cry would be Asiatic the Asiatics.

When the biographists saw that the man was injured they swarmed on to the field and gathered around Fisher, Sheriff, and deputy, and a frantic attempt to restore the player but all three were being roughly handled when the injured man pushed through the crowd and staggered toward the gate. He was allowed to go. The crowd finally complied with his request.

Blank by blank, the nominee expressed his approval of it. Regarding that plank in which it is provided that no monopolies or special privileges

## GREEKS IN THE WEST

There is something peculiarly appropriate in having Greek labor presented to California farmers to do work in a land which has often been spoken of as the Greece of the West. To no Levantine country is California so aptly compared as to the little peninsula where, when the world was young, commerce and art and letters thrived on the olive, the vine and the fig tree. Ancient Greece was a land of little rain, rocky and sandy soil, with scanty bounds and cities dependent upon trade rather than manufacture for their sustenance. "The glory that was Greece" was built upon individual freedom and had its superstructure in high ideals of government and of the social relations and of the beautiful in art.

We in California live in much the same atmosphere and our civilization bids fair to have an individuality that partakes of the same clear skies. A domestic economy which depends upon the culture and curing of fruit will almost surely be different from one that flasks in the deep or toils in factories, or depends upon the shambles. Fruit will always, it is likely, be the main support of California.

With the promised withdrawal of Japanese labor from this state, already gradually being fulfilled by order of the Japanese government, we will need an increased population to till our fields and harvest our crops. In the Greeks we have a labor supply that is fairly homogeneous, that is used to our means of making a living and that will help to uphold a family life that will readily assimilate with other Americans without race friction. The increased employment of Greeks here is to be encouraged.

## IDLE HANDS

Every once in a while there is an outbreak of criticism of the way the ultra-fashionables spend their time and money. Now it is occasioned by the report of a "palama parade" at Newport. We are informed with much gusto detail and possibly some exaggeration that the blood of the summer colony on Narragansett Bay made their hilarious way through the streets late one night clothed in joy and their night robes, with all of the abandon of a sophomore rally. Whereupon all the busybodies taken in hand and proceeded to write up a report of the decay of the upper classes and the need of sumptuary laws.

All of which is bosh. The social crime involved in such exhibitions as that at Newport is not in the hilarity nor yet in the bad taste of doing late hour stunts in "nighties," but in the idleness which can find nothing better to do. After all, if people have a leisure-producing income, why should they not just as well employ it in barbituric gauds as in any other way, if that is to their taste? It is a matter of manners, after all, not of morals. A green dress trimmed with red may be an artistic atrocity, but we would not feel called upon to jail the ill-favored female that went forth in it. She would be merely sent to Coventry.

It is the idleness of Newport that society should deride, or rather, that condition of affairs in general which permits of class idleness. Individual idleness is nobody's affair so long as the result is not vagabondage. But idleness of a class does not come from individual laziness but from bad economic conditions. Something is wrong when great numbers of able-bodied men can live without work and women can live without work and without dependence upon their immediate relatives who are their natural protectors. Such idleness is not an individual but an economic sin.

The shopkeeper's family or the factory people would be just as foolish as the people of Newport if they had nothing more to do. Indeed, those whose philosophy of life is that they can find time to "break away" just once a year or such a matter, do things often which would look just as bad in print as the stunts of summer colonists in Rhode Island. But as they are not high enough up in the scale of stupidity to call for attention from the sensational journalist or the sensational politician, they escape criticism. For the rest of the year, they are too busy to lead anything but a sane life, with hard work and sensible amusements sandwiched in between.

Mark Twain said in the person of Puddinghead Wilson that cowardice is the surest protection against temptation. This is almost true, but the surest protection of all is not cowardice, but necessity. You won't be foolish if you can't afford to.

## GOING SLOWLY

Francisco Madero, on the eve of his probable election to the constitutional Presidency of the Mexican republic, finds that responsibility drives him to conservatism. It was all very easy when he was in the field at the head of an army of discontented people to declare that he was about to overturn the entire order of things in his little world. Now that he is at the City of Mexico, surrounded by the leading business men and statesmen of the republic, associating with the representatives of all the great nations and confronted by the acute problems which he must decide all by himself within a few weeks, he hesitates to do any overturning and says that in

any case he will go about it slowly. There need be little fear that in Madero we will have another Diaz. For one thing, Madero is not a big enough man to be the master of Mexico that the General was, and further, Mexico has gone too far ever to have another tyrant. It may take some time to put down disorder in a constitutional manner, but it will be put down and kept down constitutionally hereafter or not at all.

The breaking up of big estates will be accomplished, but slowly. The driving out of office of the followers of the old regime will be accomplished, but slowly. The making of Mexicans familiar with free methods of doing politics through representative conventions will be accomplished, but slowly. All these things take time, and Madero sees that there may be considerable impatience with him for not completing them with a stroke of the pen as soon as he is inaugurated.

The greatest and best promise of the coming administration is that there will be no backward step taken in the matter of religious freedom. As in too many of the Latin countries of the world, Mexico has had to defend itself from priestcraft on the one hand and bitter anticlericalism on the other. With an enlightened administration, freedom may be preserved without endangering religious activity or offending the principles of any of its citizens.

## BELLBOY LOSES \$40,000 AND RETURNS TO WORK

OAKLAND, Aug. 31.—Joyce Merlin, who was a bellboy at a local hotel, was fined \$40,000, applied today to be reinstated in his old job, having used up all his money in speculations. Merlin and a brother shared equally in a bequest by an uncle, and the two began dabbling in stocks. He made several small winners, but recently lost everything he had in oil stocks.

## SUGAR PRICES AGAIN ADVANCE

NEW YORK, Aug. 31.—There was a further advance today in both raw and refined sugar. The American Sugar Refining Company quoted \$26.25 for standard granulated and a ten point advance on other grades, while other refineries advanced 25 points for the day, making granulated \$26.50. Although raw sugar, Cuba, centrifugal, was quoted at \$5.38 at the close, this figure was purely nominal, as none was to be had at the price.

In the last four days refined sugar has been advanced 26 to 40 points, and indications point to still higher prices, as supplies are tight.

## MARS CANALS PHOTOGRAPHED

FLAGSTAFF, Ariz., Aug. 31.—A photograph showing clearly the canals of Mars was taken today by professors at the Lowell observatory near here. The negative was secured last night and is said to be one of the clearest ever taken.

## UNKNOWN SCHOONER IS BURNED AT SEA

NEW YORK, Aug. 31.—Wireless reports received here this afternoon from the steamer Oklahoma, bound from New York to Port Arthur, Texas, tell of the burning of an unidentified schooner at sea today.

Only the mizzenmast of the schooner was standing when the Oklahoma passed her, after which the dispatch states that the burning of the schooner was seen by the Oklahoma's crew.

## PRESIDENT TAFT TO SPEAK AT DENVER

DENVER, Aug. 31.—President Taft today accepted the invitation to address the public lands convention in Denver October 3rd, but requested that the plan for the public reception at the state house be abandoned.

## BANKER'S SON KILLED

ST. JOSEPH, Mo., Aug. 31.—Leslie Galvin of Milledale, Mo., son of D. A. Galvin, a prominent banker, was instantly killed and Harry J. Grider, former postmaster of Milledale, was probably fatally injured when an automobile tumbled turtle near Maryville, Mo., early today. Benj. Edwards and Chas. B. Callison, also of Milledale, were less seriously injured.

## JUDGE THANKED FOR INJUNCTION DECISION

DES MOINES, Aug. 31.—Judge Lawrence DeKruif, who handed down the injunction decision which ended the Des Moines street car strike, has received copies of resolutions from labor organizations all over the country, thanking him for his action in bringing about the settlement of the difficulties between capital and labor.

## AGED WOMAN SUICIDES

LOS ANGELES, Aug. 31.—Despondent and in ill health, Mrs. Nina M. Allen, 73 years old, made a second and successful attempt at suicide here today. She tied one end of a rope to the knob of a door in her apartments, and up over the transom, then she formed a noose in the free end of the rope and plunging her head through it, stepped from her bed.

## HOUSE OF COMMONS TEA PARTIES.

Not on the terrace has been so exceedingly popular in the hot weather as the tea parties of the House of Commons. Large tea parties are a feature of every afternoon when the members are sitting. Considering the fact that the House of Commons has been a feature of the life of London society for the last century, it is worth remembering that it was a hot spot when we have recently experienced which really gave birth to the custom of entertaining ladies in tea at the Commons. The year of the second coming of the Lord, was one of unusual heat. It was the first of the summer, and of other troubles in the Commons, and of a breakdown of the practice of always serving the top hat. Members were kept to unusually close attendance in the days when the government majority was a dwindling forty and on out of one thing and another the afternoon tea suddenly became an institution, much resented at the time by some of the older members. Eighteen years, however, until the custom in the constitution of parliament was established, and there can be no doubt that the members now without a summer holiday in the House. From the Westminster Gazette.

## BRIEF EDITORIAL FANCIES SELECTED

### Mad Revels at Newport

The young bloods of Newport summer-crust society have been on a rampage again, parading the thoroughfares at an unearthly Sunday morning hour in raiment conspicuous chiefly by its scantiness and indulging in dances not usually in favor with the truly modest. Of course such things are expected from the pleasure-mad. They have no class and carried their selves with abnormal, freakish quest of pleasure, that nothing normal and wholesome satisfies them. They must invent some bizarre, garish, risqué way to stimulate their flapping senses. It is a form of neurotic hysteria, which is ever seething but never finding real pleasure.

If the veil could be torn from such lives; if the whited sepulchers of humanity could be exposed fully to public gaze, with the knowing unhappiness and the consuming misery that attend a corrupt and frivolous career, such as some of these frenzied pleasure-seekers lead, no moralizing would need be done. The utter futility of seeking pleasure as this type of persons seek it is enough in itself.—Long Beach Press.

### A New Race Discovered?

That there is something left for the explorers to do, after all, appears from the letter of Vilhjálmur Stefansson, the leader of the American Arctic scientific expedition, to the New York Times in a region supposed to be uninhabited. The expedition has discovered a strange new people, Eskimo in speech and habits, but Scandinavians in appearance, who never had seen a white man or an Indian, though they had heard of both.

Explorer Stefansson believes his discovery will result in the solution of one of two problems—what became of some of Franklin's men or what became of the 2000 Scandinavians who disappeared from the coast of the fifteenth century. Here is romance indeed; the anthropologists, the historians and the fiction writers alike will be thrilled by the news. What possibilities lie in such a discovery? The world is larger than it has seemed for many years, when such a tale comes out of the frozen north.—Chicago Record-Herald.

### "SILENCE" COLORED COP.

New York's Police Commissioner, Samuel J. Battle, of 23 West 135th street, has not grown less lonely since he was assigned to duty for the first time at the West 63rd street police station on June 23. Ever since his appointment there, the big, brawny negro who worked his way up from a porter and waiter through a common and manual training school course until he passed the civil service examination for policeman, has been treated by his fellow policemen with great and icy silence.

There is, of course, a racial discrimination against the colored policeman, nor do the officers at the station seem to encourage the silent treatment of him. But the very fact that a white policeman has nothing to say to a colored policeman is not a matter for discipline at the hands of the officers. As one of them said: "There isn't a captain or any other official in the department who can make one man talk to another, or punish a policeman for merely holding his tongue."

Battle himself, according to Captain Palmer, has never complained that he was getting unfair treatment, and the captain, as well as other officers at the station, denied that there was any unfairness in the treatment accorded him as a policeman.

"He keeps to himself and reads nearly all the time he is on reserve," said Captain Palmer, "which the other policemen find very annoying. He is taking shower baths in the cellar. I have several times stopped him to inquire how he is getting on with the other men, and whether he has any complaint to make against their treatment of him. But each time he told me he had none."

"Of course," he explains, "I don't expect the men to talk to me and take me in their arms as a brother." "He is a good, sensible negro, and his conduct is above reproach. I have been able to discover nobody with whom he has had a quarrel or disagreement, or who has angered him. Of course what personal prejudice there may be manifested toward him I cannot know, nor could I prevent it. He seems to know what he is doing in taking a place on the force."

### TWO LOVES.

(To William Shakespeare.)  
Two loves have I; both children of delight.  
One is a youth like Eros' self to whom  
My heart unfolds as lotos blossoms bloom  
When her mysterious service chants the Night.  
And one is like a poppy burning bright.  
Her strong black tresses blind the hands of doom  
She is a wrath from some imperial tomb  
Of love enlanguored in the grave's de-spite.

Lord, though thou be, O Shakespeare of all rhyme,  
Life is more strong than any song of thine.  
For thou wast thrall to circumstance and care  
With rankling poison marred thy singing time:  
From thy own loes I still crush greedily wine  
And like a Greek and smiling float despair!  
—George Sylvester Viereck in the Papyrus.

### POINTED PARAGRAPHS.

It's a pity we can't see others as we see ourselves.  
A stitch in time may save a dozen unprintable words.  
A teacher is just as good as a married man—or just as bad.  
The wife who never juts a hornet's nest to find out what's in it.  
Bad handwriting is often used to cover a lot of poor orthography.  
An old broom with a not hired girl attached may also sweep clean.  
Hope is synonymous with the wag of a dog's tail when he is waiting for a bone.  
A pretty girl tries to give people the impression that she is tired of being admired.  
The trust may limit the output of whisky, but it would never, never try to limit the input.—Frank the Chicago News.

### POLISH PEASANTS KILLED BY ARTILLERY EXPLOSION.

WARSAW, Aug. 31.—During artillery maneuvers today a shrapnel shell landed in a crowd of peasants. Three persons were killed and 15 wounded.

## STOLYPIN DEPRIVES JEWS OF BUSINESS

Uses Government Funds to Prevent Their Getting Any Contracts.

LONDON, Aug. 31.—The Russian correspondent of the Jewish World describes an alleged campaign by the government to drive the Jews out of commerce and industry. He asserts that government agents everywhere are active in their endeavors to kill off trading by the Jews.

In one case, he says, a Jewish firm gave the lowest tender for a large contract. One of Premier Stolypin's agents immediately stepped in and offered to do the work at a considerable loss. He let the contract to a competing firm and the loss was made up of government funds.

All government contracts, says the correspondent, and their way is being put in the hands of the black hundred, supporters of Stolypin.

## AVIATORS SUFFER IN GREAT ASCENTS

Physical Troubles Akin to Those Felt by Mountain Climbers.

The increasing number of aviators and the development of aeroplanes flying have given opportunities for making some interesting observations on the physiological conditions incidental to this new method of progression. Several factors have to be taken into consideration. Rising to a great height in the air produces effects similar to those of mountain sickness—namely, giddiness, nausea and headache; but owing to the rapid transition from a low level to a high one or conversely, the symptoms if it is altered is not allowed sufficient time to become steady as it can do in mountain climbing; the conditions, in fact, have some resemblance to those of a balloon ascent or of an abrupt descent, and even more resemblance to what is seen in the case of subaqueous workers who are quickly brought to the surface from a diving bell, although in aviation the pressures are very much less.

There are also great variations with different individuals, for attacks of mountain sickness and other discomforts due to change of pressure are experienced by some at a height of 1500 feet, while others are not affected until they reach 2000 meters. All the observations that have been made show that the blood pressure is increased, but only to a slight extent because it is counterbalanced by the free access of air which, according to the researches of Langlois, tends to reduce the blood pressure. Other factors to be considered are the duration of the flight and the encountering of difficulties. Nervous fatigue lowers the blood pressure and quickens the pulse. The nervous tension brought about by the necessity for being continually on the alert in presence of dangers has a special influence which varies according to the temperament of the individual.

The aviator Besant, when he came down from his machine after having won the prize for the European circuit was remarkably calm and his pulse rate scarcely reached 85, but he told me that his great natural composure and his long practice in making ascents did not prevent him from having fainting attacks, dizziness and palpitation in moments of danger.

A general result it may be said that aeroplane flying does not cause any special form of illness. — From the Lancet.

## WEEK'S SNEEZING CAUSES HIS DEATH

OKLAHOMA CITY, Aug. 31.—Stephen Frost, a young German, died in a hospital here today as the result of hemorrhages caused by sneezing. He began to sneeze August 24th, and at the same time his nose began to bleed. Physicians could not check the bleeding.

## CASTORIA For Infants and Children.

The Kind You Have Always Bought Bears the Signature of *Wm. D. Gifford*

## VERIFY IT

The Proof is in Fresno, Almost at Your Door.

The public statement of a Fresno citizen is in itself strong proof for Fresno people, but confirmation strengthens the evidence.

Here is a Fresno citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys, and now states the cure was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

Mrs. L. A. Auston, 61 G street, Fresno, Cal., says: "The first Doan's Kidney Pills affected in my case some years ago, has been permanent. I suffered intensely from kidney trouble and a weak and painful back. The kidney excursions were also unnatural and showed that my kidneys were at fault. When about in despair from not finding relief, I was persuaded to try Doan's Kidney Pills, procured at the Baker & Colson Drug Co. They soon did me of the trouble and improved my condition in every way. I shall always recommend Doan's Kidney Pills in return for the permanent cure they gave me."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## URGES SEAFARING LIFE FOR GIRLS

Young Woman Steers Schooner to West Indies and Back.

No girl's education is complete without a term or so of seafaring life, declares Miss Hazel Phipps, 21 years old, a graduate of Acadia Seminary, Nova Scotia, who steered and commanded the three-masted schooner Rothesay for a good part of a voyage to the West Indies and back. Miss Phipps is a daughter of Capt. James W. Phipps of the Rothesay, and she did her trick at the wheel every day. Graduated in June, 1910, the young woman decided to take a post-graduate course on the water for two years. She joined her father in New York last January. She is extremely pretty, and when asked to tell of her trips, she said:

"Everybody is asking how I can content myself on the high seas, and why I like to spend my time on the water, seeing nothing but water and occasionally a passing ship. Girls who stay ashore do not know what they are missing. I dearly love to promenade on the deck during a storm. I clothe myself in a long sea coat and a high wester cap, and don't mind the weather a bit. To be tossed about by the waves like a chip, with the vessel submerged half the time, is certainly exciting, and you forget about everything save the fun you are having."

"I relieve father on the bridge and at the wheel, and to be in command of the schooner is simply great. When I shout the orders to the men through a megaphone I feel like a full-fledged captain. I am thoroughly conversant with every detail about the vessel, the charts and the compass. I have steered the schooner for hundreds of miles. I can sail her free in a running breeze or reef her down in a squall."

"Then to meet people of other worlds and study them is an education that you cannot acquire through books. On our last visit to St. Thomas I was invited to a banquet aboard a Danish training ship. I had several dances with a Danish prince, and I had the most enjoyable evening of my life." — Baltimore Dispatch to New York Herald.

## POSSES CHASE TWO MURDERERS

LOS ANGELES, Aug. 31.—Divided into two posses, the sheriff's force of Los Angeles county and thirty citizen volunteers are scouring the Azusa hills near here tonight in search of Simon Sosa of Azusa, who shot his wife dead this afternoon and fled on a bicycle. Sosa who was heavily armed, and had reputation of being a "dead" shot. Somewhere in the same vicinity another posse is seeking Pasqual Sooner, fugitive murderer who killed a man at Watts a fortnight ago.

## FRECKLE-FACE

New Remedy That Removes Freckles or Costs Nothing

Here's a chance, Miss Freckle-Face, to try a new remedy for freckles, with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of othine—double strength, from Patterson Block Pharmacy, and one night's treatment will show you how easy it is to rid yourself forever of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask your druggist for the double-strength othine, as this is the only prescription sold under guarantee of money back if it fails to remove freckles.

Put your money matters on a business basis. Let your financial interests exercise and grow.

Washington	62	84	0.1

**GENERAL CONDITIONS**  
Since yesterday morning there has been a general decrease in barometric pressure over the Pacific coast and plateau leaving a number of ill defined areas of high and low pressure. This unstable pressure distribution has resulted in some cloudiness in California but with this exception clear skies prevail from the Pacific to the Mississippi river. A shallow depression has moved slightly from the Dakotas to Minnesota causing moderate showers in the latter state while a second disturbance that persists over the southeastern states has caused continued rain along the Atlantic coast. Rainfall was especially heavy from North Carolina to New York with falls in excess of one inch at the following points: New York, 1.4; Atlantic City, 1.2; Washington, 1.0 and Raleigh 1.0, inches.  
Somewhat unsettled weather conditions may be expected in Fresno and vicinity during tonight and Friday but no threatening weather is looked for.  
W. E. BONNETT, Local Forecaster.

Cafe, open till midnight, 1121 J street.  
Fruit tickets for the Holland's  
delivered daily, Oct. 1, 1911.  
For rent: A single office and a splen-  
did suite of offices in Forsyth Building.  
See Noble Bros. Co. Room 114.  
Dr. W. M. Thorne will return Septem-  
ber 1st. Office hours 10 to 12, 2 to 4.  
First National Bank Building. Rooms  
1-2.  
F. A. McIntyre, native of Ohio, aged  
29, resident of Mount Pleasant, Mich.,  
and Lillie Gendron, native of Minnesota,  
aged 29, resident of Mount Pleasant, Mich.,  
were given license yesterday to marry.  
Petition was filed yesterday with the  
superior court for the appointment of C. H.  
Arbuckle in the place of Leroy Taylor  
who has resigned as one of the trustees  
of the Alhambra Drainage district of  
Claris.  
The fire department yesterday after-  
noon was called to the Sequon grill to  
extinguish a small fire. The blaze was  
caused from an overloaded stove and was  
about out before the firemen arrived. No  
damage was done.  
William Brown and John Burks,  
charged with drunkenness, appeared be-  
fore Acting Police Judge Smith late yes-  
terday and pleaded guilty to the charge.  
They were released on 90 day sentences  
with the understanding that they depart  
from the city immediately.  
District Deputy Game Warden A. D.  
Ferguson will be away until about the  
middle of the month in the Mount White  
new region on a trout transplanting work  
and during his absence A. W. Smalley of  
Hanford will be in charge of the district  
office in this city of the state game and  
fish commission.

## California Oil Field News

## REPORT: OIL STRUCK IN LOST HILLS TO HAVE VALLECITOS BY 3 COMPANIES

Southern Pacific Said to Be Backing Proposed New Branch.  
Vallecitos Development, Range 16 and Sussex Said to Have Sand.

Oil of 33 Gravity Declared Found at a Depth of 1815 Feet.

Oil has been struck in the Vallecitos district for the first time by three separate companies, whose wells extend over a strip of territory some four miles long, according to word received yesterday. An oil well, practically at the extent of the strike have been drilled, though it is reported the oil is very light, and all found at a depth of 1,815 feet. The companies that have this sand are the Sussex, the Range 16 and the Vallecitos Development Company. The reports have given rise to a hope that a new light oil field has been opened in California.  
Most details have been received of the Range 16 strike. An agent of the company yesterday made a statement to the effect that a sand had been hit at 1,815 feet and that a considerable amount of gas and oil followed. The drillers went on down, and at last reports had ten feet of the sand. The oil is declared to be 33 gravity, a very light grade, and similar to that found in nearby seeps.  
The Vallecitos Development well said to have the same sand, is on property that Hammond and Ralph Arnold recently turned over, with some Coalinga property, to a British syndicate for \$5,000,000.  
The Sussex has practically the same log as the Range 16, and is said to have the same sand at an identical depth. On the other hand, the log of the Vallecitos Development well tallies nearly with that of the New Bedford, the only other deep well in the territory.  
These four companies have been working with standard rigs and since the news from the others was heard, hopes are running high for what the New Bedford may do. However, it is impossible yet to say, in view of whether this first sand is the real pay dirt, or whether it will be necessary to go deeper in search of a larger showing.  
Besides these four wells, a number of smaller holes are being punched down in the district, some of them with hand rigs, and most of them for discovery purposes.  
The Vallecitos district is in Fresno county, some fifteen miles north of the outer limits of the proved district of the Coalinga field. The wells are being put down in the valley, where seeps and oil signs of the oil are leading the developers to think oil in paying quantities might be found. Since the bringing in of the Lost Hills light oil, this has been a slogan to confound with, and has been a good deal of the interest being shown in the reports from Vallecitos.

## JAPANESE HONORS FOR AMERICAN DIPLOMAT

O'Brien Leaves Tokio to Become Ambassador to Italy.  
TOKIO, Aug. 31.—Thomas J. O'Brien, for four years American ambassador to Japan, sailed from Yokohama today on board the steamer Shinpu Maru to take up his new duties as ambassador to Italy.  
The departing ambassador was given an unexpected send-off in Tokio. A large assemblage, representing all classes, packed the vicinity of the railroad station, the group including representatives of the imperial household as well as members of the new cabinet and the retiring Katsura ministry.  
Before O'Brien left the capital a farewell luncheon was given in his honor by the American University Club, which is composed of Japanese and American graduates. The entire American embassy and consulate staffs were invited and many prominent residents of Tokio and Yokohama were present.  
Mr. O'Brien was transferred to Rome to succeed John G. A. Leishman, appointed ambassador at Berlin in succession to Dr. David J. Hill, resigned.

## LOCAL BREVITIES

The social planned for this evening by Faith Circle of the First Christian church has been indefinitely postponed.  
Deputy Sullivan will leave early this morning for San Quentin with W. O. Jones, who was sentenced to one year's imprisonment for forgery.  
Mrs. Ida Price of Malaga filed for probate yesterday the will of March 22, 1906 of her husband, Jonas Price, also known as Phil. He died on the 28th of July, leaving an estate of \$500. The will leaves all to the wife, intentionally omitting provision for the 7 children who are all of age.  
With Rev. J. W. Conley, pastor of the Baptist church officiating, the funeral services over the late Mrs. Mary Montgomery were held yesterday from the chapel at Stephens and Bear's parlors. Many friends of the deceased attended the services. Interment was in Mountain View cemetery.  
B. Vornon, a cement worker, appeared before Justice of the Peace Smith yesterday and swore to a complaint charging Oscar Lindquist with battery. Vornon alleges that Lindquist struck him while he was standing on a narrow board on top of the new Fresno hotel at the corner of J and Merced streets, five stories above the ground. The warrant was issued and given to Patrolman Harry Knight to serve.  
Mr. W. S. Gansulus, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for four years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it. For sale by all dealers.

## GOVERNOR DIX CALLS FOR DIRECT PRIMARIES

ALBANY, N. Y., Aug. 31.—The enactment of a suitable direct primary law by the legislature when it convenes next Wednesday is favored by Governor Dix. He declared that a course necessary to fulfill the platform pledges of the Democratic party, in a letter made public today, and expresses the opinion that a proper re-apportionment of the congressional districts should be made.  
"Nothing should be undertaken," says the governor, "which can be fairly characterized as a gerrymander."  
**PROFESSOR MARRIES.**  
CHAMPAIGN, Ill., Aug. 31.—Dr. William Manly, head of the Department of the University of Missouri, and Miss Blanche Jordan of this city, grand-niece of General Sterling Price of Civil war fame, were married here last night, the Rev. Charles Manly, of the University of Chicago, officiating. A cousin of the bridegroom, was best man.  
**BORN.**  
DETROIT, Mich., Aug. 21, 1911.—To the wife of Louis DeJoy, a daughter.  
LOAN.—In Fresno city, August 29, 1911, to the wife of Leslie E. Egan, a son.

## ATTACK ON S. P. TITLE TO DEVELOPMENT IS MORE ACTIVE IN DEVIL'S DEN

Four Portables and Number of Standard Rigs Go After Sand.

Summons Served in Action Brought to Lop Off Rich Holdings.

Allege Corporation Never Made Mineral Entries on Properties.

From Yesterday's Chronicle.  
"Complaint and summons is an action brought in the United States Circuit Court in Los Angeles served upon officials of the Southern Pacific Company in this city yesterday causes a great flurry in railroad circles, as the suit is an attack upon the railroad's alleged title to rich oil properties of the Kern Trading and Oil Company, in the Coalinga field, valued at between \$3,000,000 and \$5,000,000.  
The plaintiff is the People's Development Company, a corporation, and the defendants are the Southern Pacific Company, the Southern Pacific Railroad Company of California, Homer S. King, James K. Wilson, trustees; the Central Trust Company of New York, the Confidence Oil Company, W. W. Maclaren, M. L. Wray, the Kern Trading and Oil Company, the Kern Petroleum Company, the St. Paul Consolidated Oil Company, J. L. Dryer and Julius Fried.  
A year and a half ago the Government withdrew from the Coalinga field, but before the withdrawal fifty-five or sixty citizens staked out, filed mineral claims upon and recorded as mineral claims all the oil lands of the Southern Pacific Company in the Coalinga district where the company had developed oil and was taking it out of the wells of the Kern Trading and Oil Company and other working properties. It is alleged that the Southern Pacific never staked or recorded or filed upon these lands as mineral claims, but held them under railroad patents, Thomas West and Ferdinand de Journal, composing a law firm in this city, united these locators and formed the People's Development Company, which took deeds from the original locators, and has started suit to obtain title to the sections 25 and 31, the richest sections in the Coalinga field.  
The company has been financed to make a bitter fight for the possession of the property, and West & de Journal are assisted by Henry M. Hoyt Jr., attorney for the People's Development, and formerly Assistant United States Attorney-General; Milton Dutch and P. S. Carney, mining lawyers of Nevada, and G. S. Arnold of Curtis H. Lindley's law office.  
The Southern Pacific Company has taken several million dollars' worth of oil out of the property in the last few years, and T. C. West yesterday, "being a railroad corporation, the Southern Pacific Company could not deal in oil, and it could not, for the same reason, record any mineral claims after discovery. The company organized the Kern Trading and Oil Company, having the same directors as the Southern Pacific Company.  
"No mineral applications are on record by the Kern Trading and Oil Company because in order to make a mineral entry it would have been necessary for the Kern Trading and Oil Company to make public the secret agreement between it and the Southern Pacific. There is absolutely nothing on record showing that the Kern Trading and Oil Company owns the property. After our company had recorded its mineral locations the Government withdrew these oil lands from entry, the patent from the Government to the railroad company expressly reserves to the Government all mineral lands other than coal and iron, the only minerals which the railroad company can own under the patents.  
"No OIL LAND PATENT.  
The Southern Pacific takes the ground that it has no patent, but is attacked after five years, but we are not attacking the patent. We say that the patent is good, but that the company has no patent for oil lands. The Government has recently started a suit to obtain title to the Kern Trading and Oil Company's oil lands, in that suit, it will give our locators an absolute title to the property. But it will not affect our locators, even if the Government does not succeed."  
Mr. West stated that it had come to his knowledge that within a year West & de Journal's death a European syndicate was formed to buy the Southern Pacific oil lands in this State for the sum of \$50,000,000, but when they examined the patent the syndicate refused to make the purchase, as the Southern Pacific Company would guarantee the title. Mr. West found that the company has expressly reserved the paramount interest of the Government to all minerals, other than coal and iron.  
It is alleged in the complaint that the Kern Trading and Oil Company is now wholly owned and controlled by the railroad company, and that all the capital stock of the oil company is owned or controlled by the Southern Pacific Railroad Company of California and the Southern Pacific Company. The names of the plaintiffs' locators are given as M. Peder, W. W. Sweet, A. B. Baum, A. Elliott, M. Rieland, G. E. Pierce, Evans, A. Miller, George Kohler and others.  
The lands claimed are sections 31, township 19 S., range 14 E., 4th M. D. M., and sections 1, 12, 25, 28 and 29, same township and range.  
**VORTICE NAMED STATE GARDENER AT SACRAMENTO.**  
SACRAMENTO, Aug. 31.—W. Vortice of Stockton has been named state gardener to succeed Robert Armstrong whose resignation was tendered some time ago. Capital Superintendent Radcliffe announced the appointment today.  
**PERSONAL MENTION.**  
W. A. Bean has returned to Fresno after spending a lengthy vacation on the coast. He will return next month.  
J. Paul Hickman, who has been on a surveying party for the Monterey, Coalinga and Fresno roads, returned to Fresno yesterday.

## ASSOCIATED ENDS TWO DAMAGE CASES

BAKERSFIELD, Aug. 31.—The Associated Oil Company is said to have settled for \$10,000 the two damage cases arising from the explosion in the Alcatraz refinery near Port Gavilota of the money, Henry Ach and W. M. Regg, the attorneys get the balance. Two men were killed by the explosion.

## BATTLESHIP UTAH IS COMMISSIONED

Captain W. S. Benson Is Placed in Command of Vessel.

PHILADELPHIA, Aug. 31.—With its crew of more than 700 men standing at "Attention," the battleship Utah, one of the most powerful warships afloat, was placed in commission today at the Philadelphia navy yard. A representative of Captain Grant, commandant of the yard, read the orders of the secretary of the navy placing the big battleship in commission, and then Captain W. S. Benson read the orders of the Navy Department placing him in command of the Utah. With the band playing "The Star-Spangled Banner," the Stars and Stripes were thrown to the breeze from the mast-head.  
After the vessel and other supplies are placed on board, the battleship will sail for New York and will later join the Atlantic fleet.  
The Utah was built by the New York Shipbuilding company at Camden, N. J., and was turned over to the navy in 1906. At the New York navy yard the big warship will be given whatever finishing touches are necessary.

## DON'T FORGET

If it's a good idea, don't forget to get it. The Fresno Republican is the place to get them.

## RADIN &amp; KAMP

The greatest stock of new fall goods ever assembled in Fresno is rounding into shape at the Big White Store. We'll have many surprises for you soon.

## The Lockwood System of Painless Dentistry

A NEW ERA IN DENTISTRY IN FRESNO.  
On Wednesday, September 6th, I will open in Fresno the most complete and thoroughly equipped office on the Pacific Coast.  
I will demonstrate that my system of dentistry is a better one than any that is now in vogue.  
Its chief point of superiority lies in the fact that it is PAINLESS. I devoted ten years to study and research to complete a system of operating on the teeth, whereby the pain element would be eliminated, and I have succeeded.  
With MY SYSTEM OF PAINLESS DENTISTRY, I can fill, crown, extract, remove the nerve, and in fact, perform ANY operation known to modern dentistry and do it without a particle of pain.  
This insures to the patient relief from nerve strain, and the after fatigue, the usual result of dentistry as commonly practiced.  
ONE visit to my office and ONE demonstration is sufficient to prove to the most skeptical that my claims are not in the least overdrawn.  
My prices are reasonable—no more than any capable dentist would charge you.  
A. T. Lockwood, D. D. S.  
GRADUATE NEW YORK COLLEGE OF DENTISTRY.  
OFFICE, 2044 MARIPOSA ST. OVER HOLLANDS' STORE.

# SOCIETY

Dr. Floyd L. R. Burke of this city left here last night for San Francisco where tomorrow he will take as his bride Miss Adelaide Grant, daughter of H. Grant, a prominent vineyardist of this district. The wedding is to be at the Palace Hotel. Miss Grant has been in the Bay City with her sister, Miss Clara Grant, and her mother all this summer. The wedding is to be simple, with but two attendants, of whom Miss Clara Grant will be one.

Miss Fay Thompson of Kent, Ohio, was the distinguished guest at a dinner given last night at 6 o'clock by Miss Mattie Hunsel, at her home, 1103 E. street, the affair being a delightful reunion of members of the Eta Sorority. Miss Thompson and Miss Hunsel were students together at the San Jose Normal, where both were members of this popular society. A motor ride was enjoyed after the dinner last night. Those present were: Misses Mattie Hunsel, Fay Thompson, Fay Kewberger, Anne Henningson, Cleo Easton and Miriam Hunsel.

Announcement was made yesterday of the approaching marriage of Miss Gertrude Costley of Woburn, Illinois, and formerly a pupil in the Fresno high school, and Daniel Marsh of Phoenix, Ariz. Miss Costley, with her sister, Miss Frances, is a guest of her brother, Arthur H. Costley, of this city.

# Campaign for Suffrage Is On

All gentle suffragists attention! It is known that on this day September 1 a decidedly active membership campaign will be held in the city of Fresno. The purpose of this campaign is to bring to the attention of the public the importance of the franchise. It is therefore your duty to bring into the campaign the membership of the league. If they are not interested, at first they will shortly be. If you will only explain to them in the most suitable way of course, why women should be accorded the privilege of handling the ballot.

In this city, the campaign will be opened quietly by the ladies who are determined to win their point. The very most prominent society and club women of the city are listed as members of the league and there are nearly a hundred names of well known business men also on the list. The work of this campaign is being carried out by the Fresno League of Women's Suffrage. The league has been given a letter by the League of San Francisco, which was instrumental in forming the Fresno league at the beginning of the summer. Mrs. F. A. McMahon, vice president of the Fresno City League, and Mrs. George Warlow, vice president of the county league, are listed among the most active workers on the campaign and have been expending the greater amount of their time this summer in league work. Attorney A. M. Dwyer of this city is one of the staunch supporters of the cause and has been the greatest aid to the ladies in their efforts. He has now nearly completed the program of the first meeting to be held at the Parlor Lecture

the most beautiful surroundings that Fresno has ever had. The ladies of the league have been very successful in their efforts. They have secured a large number of new members and have been very successful in their efforts. They have secured a large number of new members and have been very successful in their efforts.

Mrs. John Prior and daughters, Misses Mabel and Margarette, returning home Wednesday night from a delightful stay on the bay, were met at the train by a jolly party of young people, that included the Misses Ruby Cook, Edna and Robb Higgins, Marcia Algren, Lottie Lewis, Jerome Green, and Miss Albertson. Messrs. Sam Longdale, Kenneth McCabe, Earl Turner and Mr. Purdin.

As a guest of Mrs. William Nell of San Francisco, formerly of this city, Miss Winifred Matthews will leave today for the Bay City.

The annual hayride of the Faith Circle of the First Christian church to the country home of John Shinnaman, scheduled for tonight, has been postponed, owing to the absence from town of the hostess, Miss Lucy Shinnaman.

Dr. and Mrs. Thomas N. Sample have returned from a brief but pleasant motor trip to San Francisco.

Mr. and Mrs. J. B. Leininger of Arizona Colony will remove with their family to Los Gatos this winter. They have leased their home.

Mr. and Mrs. W. H. Henderson have returned from a vacation at Santa Cruz.

Miss Patty Carpenter is in Fresno again after two weeks' stay in Berkeley.

Mrs. Herman Reles of this city is visiting with relatives at Sacramento.

Many Fresnoans are at Big Creek, enjoying all the pleasures of the hills, says a letter received here from Miss Annie Overholt, a popular teacher in the city schools. Miss Overholt will be back in about a week.

Miss Dora Backer has returned to Fresno after a two years' stay in Oakland, where she was well known in musical circles. She will reside with her brother, A. H. Backer, in Temperance Colony.

Mr. and Mrs. I. N. Parlier returned yesterday from a three month tour of the West at San Francisco and other coast points.

Golden Rule Circle of the First Christian church will meet this afternoon at 2:30 o'clock with Mrs. W. H. Milard, 319, Abby street.

Rev. Ray O. Miller, pastor of the First Christian church, who has been at coast points on a vacation of some weeks, returned yesterday morning.

Dr. C. C. Williams and wife of Whittier, who have been visiting Mr. and Mrs. R. L. Hogue for several days on return from the mountains, will leave for home this morning. Mrs. Williams was Lucille Hogue before marriage, and she and husband spent two months of the summer season at the Hogue ranch in the high mountains of Madera county. The Williams were so charmed with their mountain retreat and declared they spent such a glorious vacation amidst

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information. BRADFIELD REGULATOR CO., Atlanta, Ga.

Club under the auspices of the County League of Women's Suffrage. This is to be the first of a series of meetings held in the city. Four speakers are to be present at the meeting. Mrs. Lillian Harris Coffin of San Francisco will be present to give a stirring address in favor of suffrage. Mrs. R. L. Hargrave of Modesto, known in club circles throughout the valley, will be in the program. S. A. Levinson will give an address against suffrage. Mr. Levinson has studied the subject deeply and his address is being anticipated with the greatest interest by all. The services of another speaker will also be secured. Several vocal numbers will be interspersed between the speeches to lend novelty to the occasion.

Another monster public meeting will be held September 18th, but complete arrangements have not been made as yet. Dr. Aked of the First Congregational church will be the main speaker of the evening.

All are anxiously awaiting the arrival of Mrs. Coffin, as she has won hosts of admirers during her visits here through her charm of manner and her delightful eloquence in presenting her scientific ideas on the suffrage subject.

But during the fall season there will be many interesting notables in Fresno to speak before the club women. Mrs. Frank Deering of San Francisco, wife of one of the most prominent lawyers of the Bay City, is expected down here later on.

Suffragette tents and other functions of the same sort will be given and altogether it is predicted that times will indeed be lively and more than interesting.

GWENDOLEN BARTON,  
Press Committee of the Club Women's  
Franchise League of Fresno.

## PLUMBING FEES SHOW BUILDING ACTIVITY

Inspector Ellithorpe Turns  
in \$260 for August  
Permits.

Plumbing Inspector Ellithorpe turned in \$260 into the city treasury yesterday as fees collected by his office during the month of August for examination and inspection.

"August and January," said the inspector, "are recognized as the two dead months in the plumbing trade all over the United States. The August collections make a comparatively good showing, therefore, and they are proof also that building operations have again picked up. There was a decided falling off for July when the total collection of fees was only \$184.50."

"I have noticed in going over the record," Mr. Ellithorpe said, "that since December, 1905, when the present plumbing ordinance and the fee collection system went into effect, that there has been a steady and gradual growth in building operations in Fresno City. The spring season this year has been unusually busy in building operations, according to the permits for plumbing work and gas fixtures installed. The collections for June were not so far behind with \$334.50 and \$359. The growth is the more remarkable when you compare the collections with the first made in December, 1909, when only \$46 was taken in."

"The building in Fresno for which the greatest single sum was paid in for fixture permits is the Fresno hotel. It paid fees, \$13.25, in June for the installation of 428 fixtures. The building is by more than 100 a greater number than all the fixtures put in during the month of August in the entire city. The Forsyth block held the record before for the largest number of fixtures installed in one building."

The falling off of fees in July was due in large part to the plumbers' strike, when not a stroke of work was done for one week.

## MOTORCYCLE AND BICYCLE COLLIDE

While attempting to dodge to the side of a motorcycle yesterday afternoon on Mariposa street between I and J streets, Miss Christina Kyle and Alvin Wilson of Oleander collided. Miss Kyle was riding a bicycle while Wilson was on a motorcycle. The young woman was thrown to the pavement and was seriously injured. Wilson escaped unhurt. Miss Kyle was on the wrong side of the street.

## NAVY'S NEWEST TERROR

The United States navy is about to astonish the world again with a new gun having a caliber of 16 inches, which will make the present world beating 14 inch gun obsolete.

The plans for the new gun have been made by Rear Admiral Talmage, chief of the bureau of ordnance. The admiral says that the length of the gun will be 67 feet. The 16 inch gun is 52 feet long and about 5 feet in diameter. The 16 inch gun fires a shell that weighs 1100 pounds, and can rip the armor off a ship at a distance of 11 miles.

The 16 inch gun is to carry a shell of the enormous weight of 2050 pounds and will be effective at 15 miles, thus proving that the horizon cannot put a limit to modern naval science.

A somewhat greater ship than is now projected is the necessary consequence of such a gun. The ship is being built by the Bureau of Naval Construction at the Washington Navy Yard.

## BRICKLAYERS ATTENTION

There will be a special meeting Friday, September 1, at their hall at 8 o'clock for the purpose of making arrangements for the Labor Day parade and other business of importance. H. L. Wallace, Pres., R. M. Irwin, Secretary.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions, properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver and regulate your bowels, entirely doing away with that miserably feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

## SPARING WITH VETO.

President Taft Has Sent Only Eight Such Messages to Congress Up to the present time, President Taft has sent only eight veto messages to Congress. This is far behind the record set by some of his predecessors, and while it is likely that he will write vetoes at a more rapid rate from now on, it is hardly possible that he will equal the records of some of his predecessors.

President Cleveland during his eight years as chief magistrate of the nation wrote 121 veto messages, of which 301 were sent in during his first term. Most of these were disapprovals of pension bills and measures designed to afford special relief. In between the two terms of Cleveland President Harrison wrote nineteen vetoes. Both McKinley and Roosevelt used the veto power sparingly.

President Hayes vetoed eight bills, three of which were general appropriation measures, of which he disapproved on the ground that they contained general legislation. President Garfield wrote no vetoes, but President Arthur sent in four, writing in all forty-six messages of disapproval. President Johnson wrote twenty-two; President Lincoln, thirteen; President Buchanan, seven; President Pierce, nine; President Polk, three; President Tyler, eight; President Jackson, nine; President Monroe, one; President Madison, six; and President Washington, two.

President Adams, Jefferson, John Quincy Adams, Van Buren, William Henry Harrison, Taylor and Fillmore did not write any veto messages. Thus it will be seen that the record for many vetoes is held by President Cleveland, no other occupant of the White House having approached anywhere near the number that he wrote.

None of the Taft vetoes have been on measures of great importance. He has followed the rule of many predecessors in disapproving certain bills for private relief.

Mr. Taft's first veto was written during the first session of the Sixty-first Congress, on March 28, 1910. A bill had been sent to him to amend the military record of Aaron Cornish, who was assistant surgeon of the Ninety-seventh New York infantry during the Civil war, and who was dismissed from the service. The bill was to amend the official records as to make it appear that he had been honorably discharged. The President acted on the recommendation of the adjutant-general, who said that the bill would require an alteration of historical records that should be kept inviolate, and so to issue a certificate to the effect that he had been honorably discharged would be to make a false statement.

The President's second veto was written on April 4 of the same year, when he disapproved of a bill to declare that Charles J. Smith, a private in the Third New Jersey volunteer cavalry during the Civil war, had been honorably discharged.

## ADOPT NUTTING PLAN; LET TIME MODIFY IT

Such Is Advice of Editor  
Adelsbach to Raisin  
Growers.

Editor Republican: In your issue this morning, S. J. Carroll of Wasco somewhat strongly advocates the organization of raisin growers along the lines of the California orange growers' association. He complains that after I had studied that organization and approved its methods, I spoiled it all by saying that the growers would not accept it, and asks why? Also, he seems to have little faith in Mr. Nutting's plan, fearing that it saves too much of the gambling feature and has become too complicated. What and other exchanges have never done the grower any good.

It is not with any idea of entering into any controversy with Mr. Carroll that I wish to take exception to his statements. If I may be pardoned I might say that I have watched the raisin business in Fresno county about as long as any man, for I have the first raisins that were made in this county. I have watched one organization after another and one plan after another, and it seems now that all have failed. The Nutting plan is an admission that if the growers had been wise enough to have accepted Kearney's "yellow slip" the people of this section of the great state of California would not need to be worrying their heads as to what to do with their raisins. More than one plan has failed them and been rejected, and after all it may be as good a plan as any that has been proposed in the Orange Growers' Association in Los Angeles said: "The people of Fresno county have not yet been ground down close enough to earth; when they get the proper dose, as we did once, then they'll come to it."

My reason for saying that the growers here would not accept the plan of the orange growers' exchange is that the growers have been stung so many times in the past by process of signing up their crops, etc., that so many of them will simply not do so again. They prefer to sell their vineyards or dig them up, rather than do it. Another feature is that there are so many nationalities that one is afraid

## CASCARETS WORK WHILE YOU SLEEP

Salts, Calomel and Cathartic Pills Are  
Violent—They Act on Bowels as  
Pepper Acts in Nostrils.

Take a Cascaret tonight and thoroughly cleanse your liver, stomach and bowels, and you will surely find great relief tomorrow. You men and women who have headache, coated tongue, don't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the bowels, remove the undigested and fermenting food and foul gases; take the poisons bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

Remember a Cascaret tonight will brighten you out by morning. A 10-cent box from your druggist means a clear head and cheerfulness for months. Don't forget the children.

## HIVES AND PRICKLY HEAT RELIEVED FREE!

There are no conditions attached to this offer. If you are suffering with hives, prickly heat, insect bites or any other skin affliction, we want you to accept our compliments in a free bottle of ZEMO, the clean liquid remedy for rashes and all diseases of the skin and scalp.

This free bottle is not full size, but it is large enough to show you the wonderful soothing and healing effects of ZEMO.

Call today for your sample bottle of ZEMO at the San Joaquin Drug Company.

of the other, and will take its chances. So, while some people are ready to do anything to bring the thing to a solid basis, the large required per cent will refuse to do so. In the past, 25 per cent of the growers, who refused to take up, spoiled the work that the other 75 per cent had been able to do. Is it not about time that the 25 per cent were able to control the others? How? By getting into shape, where, when one of the present 25 per cent men needed money, or was forced to sell, money would be available for buying his own established minimum price, and thus avoid breaking the market and establishing a lower price. For it is a neat game of the packers to go out and find the weakest grower they can and then get his crop at a price lower than any other grower in the market. When this is done, they go to the next point and show him that they have actually bought goods at 4 to 5 cent lower than the quoted prices as published in the papers, perhaps.

Mr. Carroll enumerates numerous features of the large grower organization which I did not mention, and there are a lot more. He tells also to say that it took those people close to twenty years to perfect that system. I propose that we begin with the Nutting plan, and then, step by step, work out our salvation, and then, say that, long before twenty years have rolled by the growers will have an organization that will be what is needed—for as Mr. Carroll says, we have our southern California friends to advise us as we go along.

However, where the citrus fruits are considered particularly, it is not exactly so with raisins, and this will allow for some features that cannot be employed by the orange people.

Mr. Carroll's fear of the gambling spirit might be promoted by the operation of the Nutting plan is an alarm which is particularly, it is not exactly so with raisins, and this will allow for some features that cannot be employed by the orange people.

What he says about the various other exchanges is true, and unless the people of the raisin counties wake up, the same thing is very apt to be true, and if it comes, heaven help the growers. Why do I say this? Because unless the growers get busy and organize and control this exchange themselves, the market gamblers will do it, and then it will be "Goodbye, Johnny." If the growers get hold of this exchange and fix it so that the control will remain in their hands, so that it will be handled to their benefit and profit of the grower, it is a certainty that the growers would get the benefit. Memberships are for sale at \$10 each, and it is proposed to put these memberships into the hands of a set of trustees who shall control the business and the operations of the exchange, to the end that the growers shall be the first heirs to the throne.

As the game is played now, without an organization of any kind, it is a battle between the bulls and the bears, and the grower is the goat. In fact, the packers have several goats to spare.

Mr. Nutting, by the way, does not insist that his plan be accepted. He says if any man can offer a better plan than his, and can show that it is better, he (Mr. Nutting) is ready to put his shoulder to the wheel and help push the good thing along. Mr. Carroll would do well to outline his plan in detail in order that the people may know just what he has to offer.

P. F. ADELSBACH.

Kingsburg, August 31.

## \$160,000 CONTRACT FOR SANTA FE BRIDGE

Work on Structure Over  
River at Reedley to Be  
Rushed.

Contract was let yesterday for a new concrete and steel bridge which the Santa Fe is to have built over the Kings river at Reedley. The contract went to Sharp and Fellows and the contract price was about \$160,000. This is about \$20,000 less than the original contract price of the bridge this company recently put over the San Joaquin river. This bridge work is a part of general improvement of the road which the Santa Fe is now carrying out in this valley.

The bridge will be 680 feet in length. There will be four reinforced concrete river piers, and four tower piers and two abutments of the same material. There are to be three girder spans of 100 feet each, and one of thirty feet. Each girder will be eight feet in depth. Besides, there will be two truss spans, each 175 feet in length.

A special side track will be put in at this bridge for the handling of material, so that much less time can be handled without any delay. Work on structure will be begun at once and rushed with all possible speed.

## FRIENDS SAVE BARBER FROM PAUPER'S FIELD

Charitable Coalings Citizens  
Take Up Purse to Pay  
Funeral Expenses.

Only the charitable Coalings friends of John M. Curry, the barber who died at the county hospital as the result of blood poisoning following the Coalings fire, saved him from being buried yesterday in the pauper's field at the expense of the county. Friends of the dead barber took up a purse and paid the funeral expenses.

Curry is the only victim of the Coalings fire although three others are still being treated at the county hospital for minor injuries received by jumping out of the second story windows. Every thing that Curry owned was destroyed in the fire and he was left destitute. He was only slightly burned but probably only escaped being seriously burned by the fact that he jumped from the second story window. He suffered a compound fracture of the leg by the fall to the ground.

## WRIGHTSON BUYS DR. COOPER BLOCK

J. M. Wrightson yesterday closed for the purchase of the Cooper block, immediately across street from the Hughes Hotel. The block was formerly the property of Dr. J. C. Cooper of this city. The purchase price is not given out. The property involved in the deal is 140 by 21 1/2 feet in size and is occupied by a one-story brick building, which is constructed so as to allow for the addition of two more stories when desired. Wrightson stated last night that he does not intend just at this time to make any additions to the building, however. It is expected the deal are expected to be filed today.

Kodaks and supplies. Finishing for amateurs. C. H. Staples, 1940 Mariposa street, Fresno, Cal.

## REALTY FEDERATION TO MEET IN OCTOBER

State Session to Be Held  
While President Taft  
Is in San Francisco.

The seventh annual convention of the California State Realty Federation will be held in San Francisco October 10, 11 and 12. The dates for this annual meeting of the real estate men of the state were chosen with the purpose of making it possible for the delegates and visiting members to be in San Francisco during the time President Taft is in the city to officiate at the ground-breaking for the Panama-Pacific International Exposition. The convention had been set for September 14, 15 and 16, but its postponement from that date to the October period is felt will be satisfactory to the members of the State Federation.

This action was taken Tuesday afternoon at a meeting of the board of directors of the San Francisco Real Estate Board, which, as host, was permitted to set the date when it would entertain the Federation delegates.

It is felt that the choice of the time bringing the convention to San Francisco when the city is en fête to greet the President and celebrate the commencement work on the great exposition will be an added inducement to attract a large attendance.

The arrangements for the program and entertainment are in the hands of the San Francisco Real Estate Board, with Leslie E. Burke, its secretary, and James C. Stafford of Los Angeles, field and recording secretary of the state organization, actively in charge.

The program will be arranged to allow the delegates attending the ground-breaking exercises and President Taft's speeches. The entertainment features

will be true to San Francisco's traditions and will include junketing trips on the bay and about the city, receptions, and an elaborate banquet at one of the city's big hotels at which probably 250 persons will be entertained. Mr. Stafford has been working up the details of the convention with Mr. Burke, and expects this meeting to be the most interesting of any of the conventions since the organization of the State Federation. While Mr. Stafford's home is in Los Angeles, he is a typical California booster, and it is this spirit he is fostering in his travels about the state as field secretary.

Los Angeles has the largest local real estate board, having 250 members in its organization. The southern metropolis is planning to send up a large representation, and expects to charter a special train or arrange for a special section on either the Yale or Harvard, and come up by steamer. The Los Angeles Realty Board is entitled to twenty-five votes in the convention, this being an increase from a delegation of eight votes in the San Jose convention last year. There will be between seventy-five and eighty-five accredited delegates.

There is always an air of good fellowship and friendliness at the conventions of the California State Realty Federation, whose objects, as formulated in the second article of the organization's constitution, are set forth as follows:

"The objects of this organization shall be to watch intelligently, to affect real estate interests, to promote that which may seem beneficial and oppose that which may seem detrimental, either existing or proposed, to encourage the elevation of the character and dignity of the business of dealing in real estate, and to promote uniformity of methods, good fellowship and fair dealing; to protect both its members and the public from irresponsible, unprincipled and dishonest dealers; to promote the interchange of business between individual members; to discourage the disparagement of any part of California; to provide a means for the interchange of views and secure uniformity of action on behalf of the state organization, actively in charge.

Every reputable real estate firm in the state of California is asked to join forces with the California State

## WIFE-BEATING FATHER DENIED HIS CHILDREN

Court Says Little Ones Ret-  
ter Off in Orphanage;  
Denies Writ.

Tony Imperatrice, awaiting sentence on conviction of beating his wife, appeared yesterday afternoon before Judge Austin accompanied by attorney to ask for a writ of habeas corpus to take his two children out of the county orphanage, making allegation that the mother had abandoned them in charge of the matron.

"Imperatrice? Isn't that the man who was found guilty of beating his wife?" asked Judge Austin.

"Well, men that beat wives belong in jail. When is sentence to be passed on this man?"

"Tomorrow," was the reply. "Well, if the father is to go to jail tomorrow, and the mother, as he charges, has abandoned the children, I think they are pretty well off with the matron at the orphanage. I will, under the circumstances, deny the application for the writ."

Imperatrice will be sentenced this morning by City Justice Graham. The imposing of sentence has been suspended for several months and meanwhile Mrs. Imperatrice and two children appealed to the supervisors and were given shelter at the orphanage until the case in court is disposed of, she having no means and no home and representing that she is at odds with the husband's relatives. In the last few days, she has gone out to work, leaving the children in the care of the orphanage.

Realty Federation, to maintain the high honor of one of the state's greatest business interests.

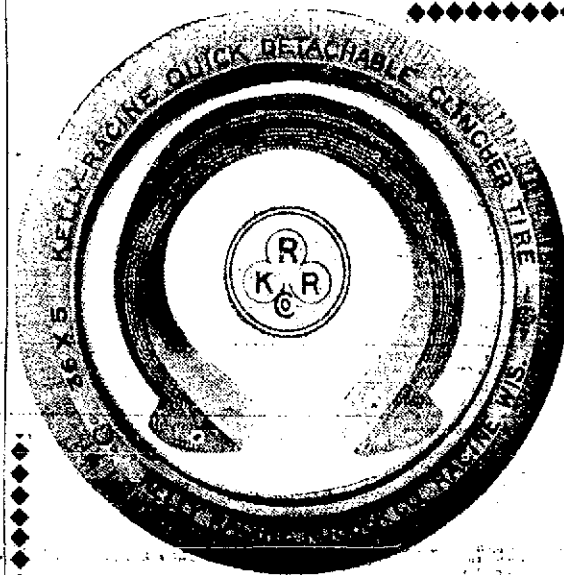

## The Motor Is Small

**A**N electric motor to operate a sewing machine will not take much room. It is small and compact. It will operate the machine with small cost and with a great saving of labor. It will maintain a steady motion and is always under complete control.

These motors are inexpensive. They are sold on easy terms and have a strong guarantee. They will last for many years. The expense of operating them is less than a cent an hour. More work and better work can be accomplished when a motor is used.

# News From Central California

## FORM MILLION DOLLAR GAS PLANT MERGER

Tulare County Towns to Be Supplied By High Pressure System.

PORTERVILLE, Aug. 31.—With a cash capital of \$1,000,000 and with headquarters in Porterville, the organization has been completed of the Central California Gas Company of California, the consolidation of gas plants of the southern portion of the valley, which will furnish illuminating and fuel gas to Terra Bella, Porterville, Strathmore, Lindsay, Exeter, Visalia, Tulare and probably Lemoore and Hanford. Frank Hugh Hesse, the organizer and manager of the Home Gas Company of Porterville, who was one of the promoters of the consolidation as well as been elected president and general manager of the new corporation.

Gas magnates of southern California are interested in the corporation and are furnishing the necessary funds for the preliminary work of the organization. Bonds will be issued against the physical valuation of the company in amount sufficient to construct high pressure gas lines, which will be necessary to cover the territory.

Transfer of the plants will be made at once and the necessary construction work, which will be conducted from the offices in this city, will be started without delay.

## ENGINEERING MAN WEDS SOCIETY BELLE

PORTERVILLE, August 31.—Julian Snodgrass, an engineer with the P. N. E. road, and Miss Phoebe David, daughter of Mr. and Mrs. Robert David, were quietly married this morning by Rev. Philip Sucha. After the ceremony Mr. Snodgrass went to the S. P. station, leaving his bride to accompany her parents and they arrived in their car just before the morning train arrived. It was a very happy occasion and their many young friends in this city were aware of the fact that they had been outwitted.

## CLOVIS CULLINGS

CLOVIS, Aug. 31.—The Fresno Y. M. C. A., with Miss Grace Smith of Clovis as soloist, will furnish the Y. M. C. A. entertainment for September 30th at the Auditorium.

The first entertainment of the Y. M. C. A. course will be the popular lecture, "Forty Years in Mammoth Cave," by John M. Cox of Leavenworth, September 1st.

Miss Alice Kirkman and children returned Monday from a summer's outing at the beaches contiguous to Los Angeles. Mr. Kirkman went down a week ago to visit his relatives and return with his family.

Clovis schools will open for the year September 18th. The trustees decided to postpone to this date on account of the demand made upon the families by the fruit business.

## SALE SHOWS BIG ADVANCE IN LAND

TULARE, Aug. 31.—J. T. Riley yesterday sold his improved ten-acre tract five miles northeast of Tulare to Mrs. Brown, the consideration being \$325 an acre. Mr. Riley bought the land five years ago for \$50 an acre. It is said that Mr. Brown will make his home there, renting the place where he now lives. Mr. Riley has purchased twenty acres from Mr. Clark, known as the old Hitchcock place, four miles northeast of Tulare, and Mr. Clark will move to Kern county. The changes will all be made October 1st.

## SHE GOT WHAT SHE WANTED

This Woman Had to Insist Strongly, but It Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—he said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for it has cured me."

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman that this medicine does not help her, there is nothing that will."—Mrs. JANET ZELI, 2908 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

## PORTERVILLE CENTER OF FRUIT SHIPMENTS

O'Neill Company Locates Main Office in Citrus Town.

PORTERVILLE, Aug. 31.—Still another fruit company has announced that Porterville will be its principal place of business. Hereafter, the O'Neill Fruit Company, having made arrangements to do all the shipping for the Central California citrus district through its head offices here.

The O'Neill Company is the new name of the citrus department of the Earl Fruit Company, once the principal shippers of this state. Early in the year the Earl sold their decisions organization, the name being sold as well, and the new name is that adopted for their citrus department solely.

With this office to the fruit shipping interests, the headquarters will be placed in Porterville of the Tulare County Citrus association, which ships nearly 50 per cent of all fruit from Porterville. The Randolph Fruit Company and the O'Neill Fruit Company, representing probably at least 50 per cent of the fruit shipped from the Central California district.

## INVITE NEIGHBORING TOWNS TO CELEBRATION

Opening of P. N. E. Railroad on Sept. 9th to Be Gala Occasion.

PORTERVILLE, Aug. 31.—Louis Stickle and Andrew Hoover, representing the Upper Tulare Development Association left here this morning to visit various chambers of commerce and boards of trade throughout this district to extend to all of the people in the surrounding district an invitation to the opening of the P. N. E. railroad, which was originally planned for September 5th, but which is now postponed until September 9th.

They visited Exeter today, later in the afternoon in Tulare, where they were joined by E. J. Nozinger, manager of the road. This evening they appeared before the commercial organizations in the county seat. Tomorrow they will make a similar visit to Lindsay. Tomorrow afternoon the committee will visit in Terra Bella, Duane and Ridgeville, and will return home late in the week.

It is believed that this system will have the effect of turning out a much better crowd than the use of advertising literature solely.

## COUPLE WED IN SOUTH.

TULARE, Aug. 31.—Friends here today received word of the marriage in Los Angeles yesterday of Frank T. Clark, Southern Pacific ticket agent, and Miss Marie Lineberger, daughter of Mrs. M. A. Lineberger.

Mrs. Brown went down to the beach a couple of weeks ago, supposedly on a short vacation, while Mr. Brown left here a couple of days ago, and their intentions were not made known to even their friends.

## BUYS REEDLEY HOTEL.

PORTERVILLE, Aug. 31.—R. J. Wigley, retired rancher, has bought the Reedley hotel, and left for that city this morning to take possession.

The hotel, which contains 40 rooms, is a two-story brick, situated midway between the Santa Fe and Southern Pacific roads.

"Bob" Clark, who has been in the hotel business here for years, accompanied Mr. Wigley to Reedley and will act as the manager.

## WELLS FARGO MEN ARE SHIFTED ABOUT

Fresno Now in Central Division While Oil Fields Go into the Southern.

Beginning today, Fresno becomes a part of the central district of the Wells Fargo Express company, with headquarters in Oakland. Formerly this was a part of the southwestern district, which has ceased to be.

P. A. Wood assumes the place of superintendent of this district, vice J. F. Baker, who goes to Los Angeles to take charge of a newly created southern division, which has its northern limit at Bakersfield. E. R. Jones is general superintendent. Route Agent W. W. Argahrie, who has been stationed in Bakersfield, is transferred here today. He is succeeded in Bakersfield by J. C. Stewart, formerly of Yuma, Ariz.

The southern division takes in all territory from Bakersfield to Yuma, and the oil fields of the west side of this valley, as well.

## LINER IS ABANDONED.

CHARLESTON, S. C., Aug. 31.—It was reported today that the liner Lexington, wrecked off the mouth of the Father river, had been abandoned by Captain Connally and his crew of forty-three men. The passengers were brought here yesterday by the revenue cutter Yamacraw.

## IT'S A CURIOUS WOMAN

who can't have a crinoline! Dr. Pieren's Favorite Preparation. Here is a tonic for all ailments—and it doesn't help you, there, nothing to pay.

What more can you ask for in a medicine? It builds up, strengthens, and invigorates the entire female system. It regulates and promotes all the proper functions, improves digestion, enriches the blood, dispels aches and pains, brings refreshing sleep, and restores health and vigor. In "female complaints" of every kind and in all chronic weaknesses and derangements, it's the only medicine for women made without alcohol, a remedy of known composition.

Nothing urged in its place by a dealer, though it may be better for him to sell, can be just as good for you to buy.

## PERSONALS IN NEWS FROM THE TOWNS OF CENTRAL CALIFORNIA

### CLOVIS

CLOVIS, Aug. 31.—Mr. and Mrs. L. Gibson have returned from a business trip to San Francisco.

Mrs. H. G. Johnson has returned from a three weeks' visit at Long Beach.

R. E. L. Good went to Los Angeles early in the week to meet Mrs. Good and children, who have spent the summer in Colorado. They returned to Clovis Tuesday.

Mrs. C. E. Higbee is at home from Long Beach for a few days, looking after her property and business interests here.

Rev. W. H. Howell will return Saturday from a three-weeks' vacation. He will occupy his pulpit Sunday.

R. E. L. Good, Frank Mitchell, G. G. Hart, Frank Brown and Mr. Rough are in an outing in the High Sierras thirty miles south of here.

Mrs. Ada Bailey and two children left Thursday for New Haven, Conn., where Mr. L. W. Bailey is in charge of the department of mineralogy. Mr. Bailey and his family accompany their daughter, Mrs. Bailey, to San Francisco.

Mrs. S. C. White has returned from her summer outing at Mt. Herman.

Rev. Mr. Whiting and wife of Long Beach will arrive this week to spend some time at the home of their son, M. M. Whiting.

Miss Bertha Libbin Miller of San Jose will give Clovis an evening in elocution in the Y. M. C. course Nov. 8th.

The farce, "The Bachelor's Club," is being prepared by the Y. M. C. and will be one of the taking members in this course.

Miss Beas Davidson and Miss Edith Shiloh of Fresno, two teachers in our summer school, came and to Clovis Tuesday to greet old friends and arrange a home for the coming year.

Mrs. T. K. Clark returned Saturday evening from Fresno where she has been working with Miss Asp in China training.

Mr. Grosjean is expecting his family from Carmel on Sunday. They will occupy the Hobbit cottage on Woodward avenue, formerly owned by Mrs. Beck.

Mr. Proctor and family returned from their vacation and the High Sierras on Monday.

Mr. and Mrs. Rough came back to Clovis Monday after a six months' sojourn in Los Angeles. Mr. Rough will occupy the machinery in the new Farmers' union building.

Mrs. A. R. McKinnon and children are on their way home from a summer in the east.

Rev. J. W. Quay has spent a few days in Clovis this week. He will probably go to Santa Barbara for the coming year.

### TULARE

TULARE, Aug. 31.—Miss Jennie Thompson left this morning for her home in Fresno, spending a few days here with Ethel Billing.

Miss Hazel McKinnon has returned from San Francisco, where she had been for several months.

Mrs. F. Cox of Bixley returned home this morning, after a short visit in Tulare.

Rev. M. P. Smith left this morning for Pixley on a short business trip.

W. A. Hunsaker came over this morning from Coalinga to spend a short time here with friends and relatives.

Mrs. J. E. Walker and children left this morning for the northern part of the state for a vacation of a few weeks.

Mrs. Frank Poe returned last night from Pacific Grove, where she has been for several weeks on a vacation.

Mrs. W. M. Robertson left this morning for Visalia to spend the day with her son, Merton Robertson.

L. L. Warren, formerly connected with the California State Prison, at this city, but now at Lindsay, returned this morning with his wife, after spending about two weeks on a vacation. Mr. Hill brother, C. A. Warren, accompanied him as far as Visalia.

D. Knapp and son left this morning for Visalia, to spend the day on business.

Frank Fisher, formerly of this city, came in this morning from Angiola to spend the day on business.

A. A. Hall returned last night from Los Angeles, where he has been for about two weeks on a vacation. Mr. Hall attended the meeting of the G. A. R. while in the south.

Mrs. Emma R. Wilson returned last night from Pullerton, where she had been for about two weeks on a vacation.

C. A. Driscoll, who has been employed here by the Santa Fe for some time, has resigned his position here and gone to Visalia on account of the serious illness of his wife. They will go from Visalia to Fresno, where they lived at one time.

Mr. and Mrs. Geo. H. Moore are expected to return tonight from Los Angeles. Mrs. Moore has been in the south for some time on a vacation.

Mrs. Little Robertson left this morning for Fresno, where she will spend the day with friends.

Miss Mabel Birkhead left this morning for Dos Palos, where she will teach school during the coming term.

Miss Della Wilson left this morning for Fresno to spend the day with friends.

C. L. Russell, Jr., returned last night from San Francisco, after a few days spent there on business and pleasure.

### COALINGA

COALINGA, Aug. 31.—Zed Phelps, Judge Kerr, William Wallace and H. Gardner returned last evening from the Lost Hills where they motored the evening previous.

M. E. Lombard, superintendent of construction of the K. T. & C., was an arrival on the 9:20 train, this morning from San Francisco. He will spend the day here looking over the field with Superintendent Hively.

Berton Doyle, with his family, is breaking camp at Santa Cruz and will leave for San Francisco. After visiting there a short time, will depart for Coalinga, arriving here Monday.

J. P. Shreve, wife and daughter, Miss Thelma, Mrs. Ada Clark, Mr. E. F. Froendich and Mrs. George Long of Los Angeles, will complete a party of campers and hunters who will depart this morning by automobile for Priest Valley to greet the opening of the season.

Charles Geldert, a prominent orange grower of Lindsay, motored into Coalinga last evening and registered at the Pleasant Valley hotel. Geldert was accompanied by his wife and came here

## KINGS RIVER CARRIES RECORD FLOW OF WATER

Exceeds Thirteen Year Average for August By 900 Second Feet.

HANFORD, Aug. 31.—Measurements of Kings River made by Engineer M. K. Hefner show that there has been a record amount of water in the river this year. The average flow for the month has been 1900 second feet, or 900 feet in excess of the average flow for the last thirteen years. The Fresno Canal and Irrigation Company takes three-fourths of the water. At the mouth of the river the flow was 122 feet at the 1st of the month to 125 on August 27th.

## EATS MORPHINE TABLET.

PORTERVILLE, Aug. 31.—Michael, 5-year-old son of Mr. and Mrs. Robert M. Higgins, is entirely recovered today from the effects of taking a quarter grain tablet of morphine yesterday.

The little fellow found the tablet in a discarded bottle. After eating it he showed the bottle to his father. She married him to a doctor, who pumped out his stomach.

## TO START CAMPAIGN FOR LOCAL OPTION

Irving B. Bristol to Fire Opening Gun at Reedley Sunday Night.

REEDLEY, Aug. 31.—Irving B. Bristol, superintendent of the Central District Anti-Slavery League, will speak here on Sunday evening, September 3rd. Mr. Bristol is making the various towns of Fresno county preparatory to making a local option election on the temperance question. The meeting here on Sunday evening will be followed by the appointment of committees for the circulation of petitions to the supervisors asking that such an election shall be granted. The various churches will display their services and unite in this temperance effort which is to be held in the Methodist Episcopal church at 3 o'clock.

## MALAGA MATTERS

MALAGA, Aug. 31.—A homecoming celebration was held at the home of J. W. Porter, on Washington avenue, when Mr. and Mrs. Porter gave a dinner to their children and grandchildren. Those present were Mr. and Mrs. T. L. La Rue and little daughter, Kathryn of Caruthers, Mr. and Mrs. J. W. Porter, Jr., and daughter, Thyrza, of Berkeley, and Mr. and Mrs. C. S. Hayward of Malaga. The afternoon was spent in a pleasant social manner.

Miss Lucin Haber of Fresno, who has been the guest of her sister, Mrs. P. S. Bagley, returned home on Wednesday. She was accompanied by Master Phillip Bagley.

Mr. and Mrs. J. W. Porter and their guests, Mr. and Mrs. J. W. Porter, Jr., and daughter, drove to Selma Monday where they visited Mr. Porter and family.

J. S. Niswander has been confined to his home for a few days with an attack of the grip.

Mr. and Mrs. J. W. Porter, Jr., and daughter of Berkeley, who have been the guests of Mr. and Mrs. Porter for a couple of weeks, returned home Wednesday. While here they were the recipients of much social attention, the last affair being a dinner given by Mr. and Mrs. E. H. La Rue on Tuesday.

Other but of town guests were Mr. and Mrs. L. Shims of Fresno and Mr. and Mrs. Thomas Briscoe of Kearney.

Mr. and Mrs. J. M. Cartwright and children, Jack and Vera, who have been spending the summer at Capitola, arrived home on Thursday.

J. P. Shreve, wife and daughter, were in Malaga yesterday.

The funeral of Jones Pua, who died on Monday, was held at the family residence in Pease avenue, Wednesday.

The services were conducted by Rev. J. H. Jennings, being made at Fowler. Besides his wife, he was survived by a daughter, Mrs. West of Coalinga, and three sons, Noble, Charles and Ernest of Malaga.

## SANTA FE ENGINEER VISITS RIVERBANK

Views Grading Work at Division Point and Also at Calwa Yards.

W. J. Aray, construction engineer of the Santa Fe, was a Fresno visitor yesterday. Aray has been making a tour of inspection of development and improvement work now in progress along the valley route of the Santa Fe. He has visited at Riverbank, 100 miles north of Fresno, for several days and also took a trip to Reedley to view construction work on the new railroad bridge across the Kings River.

While at Riverbank, Aray saw about fifty teams and a hundred men doing grading work. This will be completed within a week or ten days. The arrival of rails has been delayed and the first shipment is not expected for a week.

The task of laying ties and rails on the newly graded line will begin within a week, according to Aray. The Santa Fe is building extensive yards at Riverbank, which is a division point.

While here yesterday, Aray went to Calwa, where the company is building its new Fresno switching yards. This work will be completed within two or three weeks. Many teams and men are being used in the grading work at Calwa.

A large shipment of ties and steel rails has been received here to be used at Calwa.

for the purpose of visiting L. R. and F. J. McCollum. After being piloted through the field this morning by L. R. McCollum they left for Hanford this afternoon.

## SUFFRAGE ADVOCATE TO VISIT COALINGA

Probably to Speak There Monday; Woman Saves Home From Fire.

COALINGA, Aug. 31.—Suffragists will invade Coalinga on the 1st of the month, when Mrs. Cull, a leading speaker in the movement in California, will address the voters here. Probably the meeting will be held Monday night, though all arrangements have not been completed. It is probable also, that the ladies' improvement club, though this, also, is unsettled. However, a hall has been secured here and the meeting will be held whether or no.

Mrs. Cull is a member of the Berkeley college of suffrage and has held a number of successful meetings in the San Joaquin valley.

Thirty-three ladies of Coalinga have previously disappeared from a South Pacific car in the yards here. Not a trace of any of the men who took it has been found. While the police are working on the case, it is believed to be the result of a mistake.

Mrs. Netie Padilla, who lives on Los Gatos creek, by presence of mind and quick action saved her home from being burned Tuesday evening, when an oil lamp started on the dining room table exploded after the family had retired. She extinguished the infernal blaze with a rug.

The case against A. J. Thedick, accused of giving evidence of debt with the intention of bringing suit thereon, was dismissed today by Judge Evans, on account of lack of evidence. Later, an action brought by Thedick against H. S. Richmond, C. J. Parsons and George H. H. Stutchell, charged with criminal conspiracy against Thedick, was also dismissed. Richmond and Thedick came near to a personal clash outside the court room but were separated by Marshal Moffett.

## ADELSBACH SELLS KINGSBURG PAPER

W. E. Ellis Assumes Control of Sheet Today; B. W. McKean Is New Editor.

KINGSBURG, Aug. 31.—P. F. Adelsbach, owner and editor of the Kingsburg Recorder since it was started in 1904, will turn over the paper tomorrow to W. E. Ellis. A deal for the sale of the paper and plant was closed several days ago, effective September 1st. B. W. McKean will edit the paper for the new owner. It is understood Adelsbach sold because of an exceptionally good price offered him.

The Recorder was started in 1901 as a four column, eight page weekly, and is now publishing seven columns and from four to six pages.

Adelsbach, who is well and favorably known here and has occupied a leading position in the community, will continue in the newspaper business elsewhere. He will shortly leave here, after resigning his position as secretary of the Chamber of Commerce and a trustee of the Kingsburg grammar school.

## NEW MEMBERS JOIN COMMERCE CHAMBER

PORTERVILLE, Aug. 31.—In less than one hour after the membership list for the new club department of the Chamber of Commerce opened yesterday afternoon, thirty applications were received by the membership committee. With these additions there are now 150 active members in the organization.

It is reported by the membership committee that a large number of applications will be received from the Springville district as well as from the orange districts more immediately about Porterville. Club rooms are being fitted up in the P. P. Davis block.

## MOHAWK BLOWS OUT, NOW FLOWING FAST

COALINGA, Aug. 31.—Mohawk well No. 11, famous as a gusher that extended the proven belt of the Coalinga west side field far out to the ends of the plains, had a blowout Tuesday, which lasted for an hour, and thoroughly cleaned the well of sand that has been giving trouble of late. The gusher spouted oil, sand and rocks, and melted the concrete for a considerable distance about it. It is now flowing at 1,400 barrels a day of light oil.

Slip your feet into a pair of

# Commercial

**MUCH CANNING IS DONE**  
**DEMAND FOR PEACHES;**

**White Heath Clings and**  
**Lovel Freestones Are**  
**Bringing \$1.50.**

Peaches for canning were received on the local market yesterday. This is a new consignment and consists of White Heath clings and Lovel freestones. The shipment is quite large and the average price is \$1.50 per box. The demand yesterday may result in orders for more peaches, as judging by the sales which are being done by housewives. Cauliflower is remaining firm at 10 and 12 1/2 cents and in some instances is bringing 15 cents. This better quality is a new shipment from Coast points.

## SAN FRANCISCO.—Wheat steady; no trading.

Barley firm; December 16c; May 17 1/2c.

## EASTERN QUOTATIONS

NEW YORK, Aug. 31.—Evaporated apples steady; inactive on the spot; new crop stock of indifferent quality 10 to 14c in bags and 10 1/2c in boxes. Prunes firm in sympathy with the West, quotations 5c to 6c for California up to 20-40s and nominal for Oregon. Apples inactive, steady; choice 13c to 15c; extra choice 16c to 18c; fancy 17c to 19c. Peaches quiet, steady; choice 11c to 12c; extra choice 13c to 14c; fancy 15c. Raisins inactive, steady. Loose Muscatels 14c to 15c; choice in fancy 16c to 17c; seedless 18c to 19c; London layers 14c to 15c.

## CHICAGO.—Unsettled strength in foreign markets, the result of only a few risks having been advanced, brought about today higher prices for wheat.

The close was at a gain of 1/2 to 3/4 over last night. Other leading staples also rose. Corn 1/2 to 3/4; oats 1/2 to 3/4, and quotations 2 1/2 to 3 to 17 1/2. December wheat ranged from 94 1/2 to 95 1/2, and closed up at 94 1/2, with the final time steady.

December corn fluctuated between 62 1/2 and 63 1/2, closing 62 1/2, not higher at 63 1/2. Cash grain was in good demand. No. 2 yellow was quoted at 65c to 66c.

High and low points touched for December oats were 45c and 45 1/2c, with sales at 46, an improvement of 1/4 over last night. Packers were buyers on all soft spots in the market for hog products. The end of the session left higher figures for the entire list—pork up 5 to 10; lard 5 to 10 1/2 and ribs 2 1/2 to 3.

## ST. LOUIS.—Wool quiet; medium grades combing and clothing 18 1/2c; light fine 17 1/2c; heavy fine 14 1/2c; tub washed 25c to 30c.

NEW YORK—Raw sugar strong; nothing offered at prices quoted. Centrifugal 95 test 56c; Muscovado 95 test 56c; molasses sugar 88c.

CHICAGO—Cattle: Receipts estimated at 4000; market slow; beefs 60c to 65c; Texas steers 40c to 45c; Western steers 40c to 45c; stockers and feeders 30c to 35c; cows and heifers 25c to 30c; calves 60c to 65c.

Hogs—Receipts estimated at 17,000; market weak, 5c lower; light 70c to 75c; mixed 65c to 70c; heavy 60c to 65c; 500 lb. and good to choice heavy 70c to 75c; pigs 50c to 55c; bulk of sales 70c to 75c.

Sheep—Receipts estimated at 22,000; market weak, 5c lower; native 20c to 25c; Western 20c to 25c; yearlings 40c to 45c; lambs, native 40c to 45c; Western 40c to 45c.

## THE NEW YORK STOCK MARKET

NEW YORK, Aug. 31.—Following a sharp rise at the opening of the market, a subsequent recession, stocks moved in a narrow range today. Trading was almost dead and traders were indifferent. Business fell to the smallest proportions of several days.

Pressure was again directed against Lehig Valley to a marked extent and at one time during the day the stock fell 10 points from the high mark of the session. It was said that a large interest in the property had been thrown on the market.

Later in the day Amalgamated Copper recovered in much the same manner, relapsing nearly two points. The similarity in the two movements gave rise to the belief that both were bear raids, intended to facilitate short covering. Le-

high Valley's bottom price of the day was the lowest of the year. Interest continued to turn largely on the prospect of strikes on the Huronian and other lines.

Security of both great corporations against which the Supreme Court entered decrees in the anti-trust suits were active today. Transfer books of the Standard Oil company closed today and the stockholders in this stock in the suit were consequently for cash only.

An offer was made of 21c for the stock "ex-subsidaries," but traders refused to deal in the issue on these terms, until a better opportunity is presented of determining their value.

Bonds were irregular. Total sales, par value, \$1,210,000. United States bonds were unchanged on call.

**RHEUMATISM AND NEURALGIA**  
Relieved at once by S. D. Rheumato Bitters only at Smith Drug.

## From the Car Window

## NOTICE OF ASSESSMENT

John Kern Oil & Development Company, a corporation. Location of principal place of business, Fresno, Fresno County, Cal. Location of works, Section 21, Township 15, R. 12.  
Notice is hereby given that at a meeting of the directors held on the 18th day of August, 1911, an assessment (No. 5) of five cents per share was levied upon the subscribed capital stock of the corporation, payable immediately in United States gold coin to J. H. Kelly, secy. of the said company at the office of the company in Room 186 Forsyth Building in the City of Fresno, County of Fresno, State of California. Any stock upon which this assessment shall remain unpaid on the 18th day of September, 1911, will be delinquent and advertised for sale at public auction and unless payment is made before will be sold on Wednesday, the 4th day of October, 1911, to pay the delinquent assessment together with costs of advertising and of sale.

By order of the Board of Directors,  
Office Room 186 Forsyth Building,  
Fresno, Cal.

## NOTICE OF ANNUAL MEETING

Please take notice that the annual meeting of the stockholders of the American Colony Canal and Irrigation Co. will be held at the American Colony School House, Fresno Co., California, on Saturday, Sept. 2, 1911, at 7:30 p. m. for the purpose of electing officers for the ensuing year and for the transaction of such other business as may properly come before the meeting.

W. R. CARTER, Secretary.

# Vernon and Portland Climb in Coast League

## SENATORS FALL IN NINTH STRAIGHT DEFEAT

Villagers Win, 8 to 0, Due to Brackenridge; Hunt Is Batted Hard.

COAST LEAGUE STANDING.	W.	L.	P.
Vernon	8	2	.800
Portland	8	2	.800
Oakland	8	2	.800
San Francisco	7	3	.700
Sacramento	6	4	.600
Los Angeles	5	5	.500

SACRAMENTO, Aug. 31.—(Humboldt) to hit Brackenridge and a seeming difference as to the result of the game cost the Senators their ninth straight defeat today. Vernon winning with ease by a score of 8 to 0. Glaring errors of Danzig and Kerns were the chief features. Hunt was given half-hearted support during the seven innings in which he pitched hopelessly lost. Thornton, the utility fielder, was sent in to pitch. The score:

**SUMMARY**  
Hunt, eight and eight runs in seven innings. Three-base hit—McDonnell. Two-base hits—Hosp, Brashear, McDonnell. Sacrifice hits—Kane, Burrell, Danzig, Kerns. Struck out—Brackenridge, 3; by Hunt, 3; by Thornton, 2. Hit by pitcher—Hunt. Wild pitch—Thornton. Time—1:50. Umpire—Hildebrand.

## 1707 GOING OUT TO SHOOT DOVES TODAY

Warden Ferguson Warns the Hunters to Take Licenses With Them.

The dove season opens and the season for deer. There will be a general export for the foothills, the wooded groves and river banks in the next few days for dove shooting. Hunting licenses have been in demand for several days, and up to last evening 1707 had been issued by the county clerk.

"Forty-one licenses were issued from the office Thursday and ninety-seven today," said County Clerk Barnwell. "But this represents only the number of licenses issued over the counter counter, because there are fifteen deputies in various parts of the county authorized to issue hunting licenses. The 1707 licenses issued today are plain dollar licenses. Singular to state there has not been issued this season a \$10 non-resident or \$20 alien license."

District Deputy Game Warden Ferguson gives warning that all who go out hunting have with them their license tag.

"Orders have been issued out of the state office," said he, "to all game wardens to require exhibition of licenses by hunters when demanded. The hunter who has taken the wise precaution to take his license with him while out hunting may save himself the trouble and indignity of accompanying the warden to the nearest judge to make explanations and proofs of his ownership of a license."

**CREW OF FOUNDERED SCHOONER RESCUED**  
ATLANTIC CITY, N. J., Aug. 31.—Captain H. S. Sampson, his wife, two children and a crew of seven men of the schooner Josie B. Hunt, were rescued today by the crew of a motor launch harbor life saving station after having spent a perilous night on the yawl boat at the mercy of the sea.

The schooner foundered about seven miles off Barnegat. The Barnegat life boat was seen by the shipwrecked crew but they could make little headway in the wicked sea which was running. During the entire night, the rain and wind beat on the helpless crew and the woman and children.

## CHAMPION GOTCH LEAVES FOR CHICAGO WITH PRIVATE CAR

HUMBOLDT, Iowa, Aug. 31.—Frank Gotch, champion heavyweight wrestler of the world, departed tonight in a special car attached to a Chicago and Northwestern train for Chicago, where on Labor Day he will defend his title against George Hackenschmidt for the second time. Gotch's train will arrive in Chicago tomorrow morning.

Accompanying the champion in the special car were Mrs. Gotch and her mother, and Gotch's trainer and wrestling partners.

Gotch will do no heavy training after his arrival in Chicago, according to his trainers. Friday and Saturday afternoon, the will spend at the Chicago Athletic Club, where light training will be carried on. A little road work will be done Sunday morning.

## RUSSIAN LION WILL CARRY MATCH TO FRANK GOTCH

Hackenschmidt Plans to Get Best of Champion By Offensive Work.

HUMBOLDT, Iowa, Aug. 31.—Frank Gotch, in his forthcoming Labor Day match with George Hackenschmidt at Chicago, will submit to no rules for wrestling and especially for that occasion. He so informed Referee Edward W. Smith at his camp here this afternoon. Gotch said the old rules would be insisted upon, particularly that which makes hanging on the ropes a foul.

According to Referee Smith, Hackenschmidt will pursue entirely new lines in his match with Gotch. Smith quoted him, "In order, as he said, to get the best of Gotch, I will use the defensive in the last two hours of the last match with Gotch, and then quit." Smith has brought the information that Hackenschmidt intends to rush the match and be on the offensive all the time.

## ANACONDA ENTRIES

First race, four and a half furlongs, selling—Venus, 107; Menus, 102; Golden Shower, Ravens, 102.  
Second race, five and a half furlongs, selling—Zool, Briton, 109; Helen Hawkins, Frank Ferris, Decency, 104; Kinless, 92.  
Third race, six furlongs, selling—Fancy, Adena, Gramercy, 111; Royal Stone, San Stone, 106.  
Fourth race, one mile, selling—Flying, 112; Svele Sam, Lady McNally, 104; Sun Fein, Chick, 101; Littleton, 100.  
Fifth race, five furlongs, selling—Bell Weather, 114; George Kismet, Husk, Genova, Variare, Bill Mayham, Tillingshast, 111; Brightness, 105.  
Sixth race, 5 1/2 furlongs, selling—Judith Page, Rebecca, Santa, Electra, Lady Adelaide, 114; Parerose, Lady Elizabeth, 102; Rake, Parlor Boy, 108.  
Weather clear; track fast.

## WESTERN LEAGUE

At St. Joseph—St. Joseph, 7; Des Moines, 2.  
At Denver—Denver, 2; Lincoln, 0.  
At Pueblo—Pueblo, 12; Topeka, 4.  
At Sioux City—Sioux City, 6; Omaha, 4.

## Help! Get the Hook

Editor Republican—As the base ball has had its innings for a long time in the Buffalo game, suppose we allow the counties of California to get to the bat.

When, in the summer of 1910, the counties took the bit in their teeth and ran away, smashing the Southern Pacific political machine, did Humboldt? If counties could talk, what would Mariposa say?

If the people of Palo Alto and Berkeley consider themselves wise because they have the sense of learning, what does Fresno say?

## KRUEGER'S SINGLE BREAKS UP GAME IN TENTH

Barry's Hit Also Helps the Beavers to Beat Oaks on Home Lot.

SAN FRANCISCO, Aug. 31.—Portland struck up in the ninth the one run Oakland had scored in the first, and, winning 4 to 1. A single by Barry in the tenth took him to third on Hoffmann's error, and brought in Koestner and Lindner. Krueger then singled, scoring Barry. The Oaks were unable to do anything in their half of the inning. The score:

PORTLAND	AB.	R.	H.	E.	PO.	A.	E.
Chadbourne, 1b.	4	0	0	0	1	0	0

## ARRESTS MAY COME AFTER FIGHT AT NEW YORK

Madison Square Garden Club Will Probably Lose Its License.

NEW YORK, Aug. 31.—Steps that may lead to the revoking of the license of the Madison Square Athletic Club, under whose auspices the fight was held last night between Matt Wells and "Knockout" Brown, were taken today by Fire Commissioner Johnson. Patrick Powers, one of the fight managers, was served with notice that in permitting three hundred persons or more to stand in the arena during the bout, he had violated a provision of the New York city charter.

## MATTIE BALDWIN IS GIVEN DECISION AT 'FRISCO

Willie Ritchie Shows That He Lacks Experience; La Grave Loses.

SAN FRANCISCO, Aug. 31.—Mattie Baldwin of Chelsea, Mass., won the decision from Willie Ritchie of San Francisco in a twenty round fight here tonight.

The fight was tame with the exception of the sixth round, when they mixed it fiercely.

Baldwin's ring experience told against the local man, who fought gamely. Baldwin had a shade the better of it throughout.

In the preliminaries, Willie Chappelle and Charley Rogers fought ten rounds to a draw and Johnny McCarthy got a decision over Antonio La Grave in ten rounds.

## LACK OF MONEY FORCES BOXERS TO CONTINUE THEIR FIGHT

NEW YORK, Aug. 31.—The ten-round boxing bout scheduled for tonight between Pat Moore of Philadelphia and Tommy Murphy of New York before the National Sporting Club was postponed until next Thursday night. The management announced that owing to the rain and to the Brown-Ryan fight, which drew so heavily last night, there was not enough money in sight for the participants.

## ANGELS WIN THIRD STRAIGHT FROM THE SEALS

Southpaw Halla Beats Fanning; Heitmuller Gets Three Nice Hits.

LOS ANGELES, Aug. 31.—San Francisco dropped another game to Los Angeles today, 4 to 0. The Angels, the Coast League regulars, occupied the greater portion of the spotlight. Lober, the Central Association recruit, scored one run, made three-base hits and accepted two hard chances in the field. Heitmuller made three hits and Fanning made two. The Seals had hard chances at short without a mis-cue. The score:

LOS ANGELES	AB.	R.	H.	E.	PO.	A.	E.
Lober, 1b.	4	1	2	0	0	0	0

**SUMMARY**  
Hits off Fanning, nine and four runs in seven innings. Three-base hit—Lober. 2. Two-base hit—Powell. Sacrifice hits—Daley, Smith. Bases on balls—Off Halla, 2; off Fanning, 1. Struck out—Halla, 2; by Fanning, 4. Umpire—McIntyre. Time—1:45.

## ANACONDA RACES

First race, five and one-half furlongs, purse \$200. Lady, 2 to 1 (Nelson), second; Eastman, 19 to 1 (Holding), third. Time 1:11 2/5. Hesteyette, Peking, Lady Mint, Wild Fern, Change of Air also ran.

Second race, five furlongs, selling—Waller, 19 to 1 (Fraser), won; Patriotic, 13 to 1 (Nelson), second; Barnstable, 60 to 1 (Ross), third. Time 1:02 3/5. Cheers, Doc Allen, Placide, Burning Bush, Swagertator, Salvago and Roser also ran.

Third race, seven furlongs, selling—Adena, 10 to 1 (Denny), won; Patriotic, 13 to 1 (Nelson), second; Ocean Shore, even (Quaxton), third. Time 1:29 1/5. Hammerway, Stoneman, Aquasui, Captain Miller and Fanny Campbell also ran.

Fourth race, one mile, selling—Jack O'Lantern, 5 to 1 (Nelson), won; Wicket, 39 to 1 (Cotton), second; Dave Weber, 9 to 2 (Gibson), third. Time 1:42 3/5. Koko, Necklet, Hughes, Fly, Hamilla also ran.

Second race, six furlongs, selling—Oswald, 10 to 1 (Fraser), won; Oscar, 10 to 1 (Nelson), second; Harrison, 10 to 1 (Fisher), second; Parlor Boy, 20 to 1 (Hesteyette), third. Time 1:13 1/5. Salpest, Noygorod, Annual Interest and Anna May also ran.

Sixth race, six furlongs, selling—Frank G. Hogan, 7 to 2 (Walters), won; Rosanna, 3 to 1 (Cotton), second; Bellsnick, 5 to 2 (Fraser), third. Time 1:15. Tommy McGee, Venetian, and Bit of Fortune also ran.

**GOTCH NOW AT CHICAGO.**  
HUMBOLDT, Iowa, Aug. 31.—Plans for the departure of Champion Wrestler Frank Gotch and trainer for Chicago tonight were completed today. His last training in his camp here was done before noon. He took a road work out early this morning, following which he spent an hour playing handball.

## SKY WALTON SENDS "KINNEY SHAM" UNDER WIRE

George Woodward Wins 2:10 Pace; Mamie Alwin Is Winner.

SACRAMENTO, Aug. 31.—Kinney Sham, George Woodward and Mamie Alwin won the three events at the State Fair this afternoon in straight heats. The real competition was in the battles for second position in all three heats. Tomorrow the Stanford Stake and the 2:12 Trot Consolation races will be on the card.

**SUMMARY**  
State Fair No. 1, 2-year-olds, purse \$500:  
Kinney Sham (Woodward).....1 1  
Violetta (Duncan).....2 2  
Valentine (Chadman).....3 3  
Beauty Pointer (Bunch).....4 4  
Coke Pointer (De Ryder).....5 5  
Time, 2:18 1/2, 2:23 1/2, 2:16.

Consolation, 2:10 pace, purse \$1000:  
George Woodward (Duncan).....1 1  
Chorro Prince (Daniels).....2 2  
Little Dick (Swartz).....3 3  
Conqueror (Miller).....4 4  
Time, 2:10, 2:10, 2:10 1/2.

Amateur, 2:20, 300 cup:  
Mamie Alwin (A. L. Scott).....1 1  
Merrylina (Hoffman).....2 2  
Bird-ey (Hoffman).....3 3  
Suzette Belle (Altheers).....4 4  
Ida M. (H. Boyle).....5 5  
Major McKinley (Melze).....6 6  
Time, 2:14 1/2, 2:12 1/2, 2:16.

Running half mile, purse \$100:  
Prince Winter (Crawford, won; Mel Libelin (Diepenbroek), second; Prudent (Lowary), third. Time, 1:19.

## CHICAGO BOWLING LEAGUE "CANS" DODO BALL

Loaded Sphere Weighing 16 Pounds Not to Be Used at Ten Pins.

CHICAGO, Aug. 31.—The Windy City Bowling League abolished the "Dodo" ball at its meeting last night. Efforts have been made ever since the close of last season to secure legislation unfavorable to the trick ball, but no action was taken by the American Bowling Congress. The National Bowling Association, which controls the game in the East, put a ban on the ball last spring.

The "Dodo" ball is made by taking two halves of different balls and gluing them together, the heavier half enabling the sphere to take a sweeping hook and cleaning up more pins than an ordinary ball would knock down.

## GOTCH MUST NOT USE FINGER IN HACK'S EYE

Police Say Wrestlers Must Not Punch With Fists or Their Elbows.

CHICAGO, Aug. 31.—George Hackenschmidt, the Russian wrestler, who is to meet Frank Gotch for the championship title here Monday, did almost no training today. Instead, he spent the day shopping and visiting at the headquarters of the promoters of the meet. He took his usual long morning walk and that ended his athletic work for the day.

Police arrangements for handling the match were announced today. Assistant Chief Schuetzler declared he would stop the match if there were unfair tactics on the part of either principal. There is to be no gouging of eyes or punching with elbows or fists.

## HANS WAGNER IS ABLE TO WALK WITHOUT HIS CRUTCHES

PITTSBURGH, Aug. 31.—Honus Wagner, star shortstop and batter of the Pittsburgh Nationals, is impatient over his enforced idleness, due to a disabled ankle. He hopes to round his ankle into good enough shape to return to the game within a week or ten days. Wagner has discarded his crutches. He has been cautioned against taking early chances. The Pirates returned today from the most disastrous Eastern expedition in the history of the team as a pennant contender.

## HACKENSCHMIDT PLANS TO WEAR TIGHTS IN BIG MATCH

CHICAGO, Aug. 31.—Those accustomed to see European wrestlers with bare limbs and bare feet may see Hackenschmidt Monday night in the same attire usually used by Gotch. The Russian has been studying the effects of long tights and if he finds them comfortable he will always wear them.

## COMMISSION TELLS ASSOCIATION TO "GO TO IT"

A. A. Ball Managers Can Start Outlaw League If They Want To.

CINCINNATI, Aug. 31.—Whether the American Association will withdraw from the national agreement and declare war on major leagues is now up to the members of that organization. The National Baseball Commission having denied its demands at its meeting here today.

The commission gave the American Association until September 10 to answer whether they will operate under the national agreement. At the same time the commission made it plain that if the association declines to withdraw from the national agreement, organized baseball will continue to flourish in the eight cities of the association.

## NORTHWEST LEAGUE

PORTLAND, Aug. 31.—Score: R. H. E.  
Tacoma.....8 6 0  
Portland.....7 12 4  
Gordon and Burns; Garrett and Moore.

SEATTLE, Aug. 31.—Score: R. H. E.  
Vancouver.....11 15 2  
Seattle.....10 13 3  
Gates, Genis, Engle and Lewis; Zuckert, Seaton and Shen.

# A PAGE DEVOTED TO WOMAN'S BEST INTERESTS

## Suitable Clothes For the Schoolgirl

**S**CHOOL days, school days, dear old golden time days, will soon be here, and mothers with small daughters who are going to boarding school will have to bestir themselves now in getting together suitable wardrobes for their offspring to take away with them. Many mothers consider it time wast-

in moderate circumstances should include at least two dresses for wear during school hours. These may be of the Peter Pan or middie styles, and are brought right up to the minute with the latest fashion features. The skirts are fitted, but the departure from type is to be found in the waist

very sensible one as well, for the white guimpes sois so easily and when not of immaculate freshness ruins a girl's appearance completely. Then in the wardrobe must be a pretty dainty afternoon frock of chaille or cashmere, also a three piece cloth tailored suit, the waist of silk or some diaphanous material.

If a girl goes in for sports the proper clothes for the games will have to be provided. As for millinery, any of the close fitting felt shapes simply trimmed with ribbon wings or wool bands, which are the newest adornment for outing hats this fall, are correct headgear. A more dressy model should be

in evidence for high days and holidays. It is hardly necessary to mention lingerie, a raincoat, rubbers and an umbrella in the outfit; they are too obvious to be overlooked. The illustrations show particularly good models for school dresses of the latest cut. The navy blue serge pictured with a touch of cheerful red in the narrow panel, over which the lower part of the waist fastens, is neat and attractive. This panel is made of red serge, and across it go straps of black braid held down by small gilt buttons. The opening of the frock is really in the back, though the waist appears to fasten under the black frogs in front.

Another model is in green and white tones with a trimming of green taffeta silk and fancy green and white buttons with black rims. Blue and white chaille with a border of plain blue dotted with pink dots is used to make this pretty afternoon gown. The use of the border is clever, and in wedge shaped slashes at the top of the waist are set bits of the plain blue with rows of tiny steel buttons. CATHERINE TALBOT.

### HUCKLEBERRY PUDDING.

For a delicious huckleberry pudding, use either three quarters of a quart or a full quart of fruit with half a pint of molasses, a tablespoonful of cinnamon, a teaspoonful of cloves, a pinch of salt and a pint of flour sifted with a teaspoonful of soda. Stir the other ingredients into the flour, and when well mixed roll them in a buttered mold for three hours.

### JOHNNYCAKE.

At this time of the year, when there is likely to be considerable milk on hand in the pantry, try using it in the following Johnnycake: Measure out four cupfuls of sour milk, three cupfuls of sifted Indian meal and mix together. Let the mixture stand overnight. This will permit them all to swell. In the morning add one tablespoonful of molasses, a little salt, an egg and a large teaspoonful of soda. Beat the batter, which should be quite thin, thoroughly. If it is not thin enough add a trifle more milk. Bake the cake for about three-quarters of an hour.

### CHEESE BREAD FOR SALAD.

An accompaniment to salad far better than ordinary crackers and cheese is cheese bread. Cut day old white bread into blocks two inches thick, two inches wide and two and a half long. Spread thickly with butter, heap up American cheese on top and cook in a quick oven.

### JELLIED TONGUE.

A jellied tongue makes a delicious dish. Wash a smoked tongue and soak overnight in cold water, then put it over the fire in fresh cold water and add an onion, a bay leaf and a few

cloves for seasoning. Boil it very slowly until tender, then lift it out of the water and let it become cold, when it is ready to be skinned. After skinning and trimming place it over a layer of hardened maple jelly in the bottom of a mold and pour around and over it. Set the mold on ice to harden the contents, and when ready to serve turn it out on a pretty platter and garnish with parsley.

### STUFFED PINEAPPLE.

Nothing is more delicious and refreshing as a warm weather dessert than stuffed pineapple. To make this dainty cut off the top of a large pineapple just below the crown and scoop out the inside. With a silver fork shred the pulp and cover it thickly with sugar. Then wash the pineapple shell and place it in a pan of cracked ice. When ready to serve add the juice of two oranges and a quarter of a pound of chopped candied cherries to the pulp. Pour the mixture into the shell, place the crown with its short leaves on top and serve at table.

### MINT JELLY.

Four one pint of boiling water over a bunch of green mint and let it stand covered until cold. Strain and turn over one box of gelatin powder. Let stand half an hour, then add two pints of boiling water and stir until the gelatin is thoroughly dissolved. Add a cupful and a half of sugar, the juice of three lemons and a very small quantity of green fruit coloring or juice of spinach, enough to make the jelly a pale green. Strain through a jelly bag and turn into individual molds or one large mold that has been rinsed in cold water. Served with roast lamb this jelly is delicious.

## DAINTILY KEPT CORSETS

AMONG the little refinements of cleanliness which belong to daintily woman may be noted the scrupulous care of the corsets, which so many are quite content to neglect. White corsets are certainly a little troublesome, but it is quite possible to keep them in good condition. Do not, to begin with, let them get too soiled. Then do not wash them with soap and water, but sponge very thoroughly with benzoin or ammonia, using a flannel to apply the cleansing liquid. Any bones that are cracked

should be replaced, and bent whalebone should be brought back to its original condition by being soaked in water. It is a mistake to try to iron it back to shape. Trimming should be removed before the sponging and should be washed and ironed before being again sewed on the corset. The laces also should be removed and washed in soap and water. Any necessary repairs should be done at the same time, and as a result of taking a little trouble the corsets will be found to be enjoying a new lease of life "just as good as new."

## BREAKFAST CAP AND JACKET

THE newest thing in boudoir jackets is three-quarter length, carried out in lace and mull. Such a negligee is more formal in character than the regulation full length. It is easy to slip in over a dainty petticoat of lace and embroidery. The breakfast cap to match is a becoming addition to the morning toilet.

## FALL AND WINTER NECK FINISH.

IT will certainly be discouraging to the Paris dressmakers who revel in preference for this idea. As for the neck, it is of cream or white net in harmony with the tone of the lace, and it is attached to the lining. This net collar may be unlined, and at the most it is lined with sheerest chiffon. This net stock should show as little work as possible, a bit of hand stitching at the top or something of the kind. Its supports should be as invisible as the maker can manage. Between this white net stock and the dark dress the lace over the edge of the collar makes a softening and pretty connecting link. The dress fabric is here made separate from its lining.

## PAPER BAG COOKING

### Welcome News For Women of Limited Incomes.

THE idea of being able to cook and cook well without using greasy pots and pans is one that appeals instantly to the woman of limited means who does all or part of her own cooking and housework. Every one who has had any experience with cooking will acknowledge that the most disagreeable part of preparing a meal lies in the washing of pots and pans, a task which is not only unpleasant, but soils the hands and takes up a great deal of time that might be given to rest or recreation.

Paper bag cooking will bring about this housekeeping millennium, or, at least, its inventor, M. Soyer, chef of a famous London club, claims that it will. The bags are made of grease proof and water proof paper which is made especially for cooking, and they come in different sizes. After the food is put into the bag the bag is folded carefully at the open end. Much is claimed for paper bag cooking. It not only does away with the labor of cooking, but the process retains the juices of meats, fish, and poultry like nothing else. For invalid cooking it is ideal, as there is no grease.

### When the Lamp Is Lit

### MUSINGS OF ELINOR HITE

**MASSAGE FOR TEMPER.** MASSAGE has for some years been the fashionable woman's friend. It has in turn relieved her of nerves, a too abundant figure, given her a good circulation and aided her digestion and altogether put her on her feet when she was run down and on edge from the demands of life. But massage is now being used in other ways and for other purposes. It bids fair to supplant entirely the old fashioned method of chastisement for children. If your child turns sulky or flies into a tantrum, making life hideous with his temper, you no longer punish it in the old fashioned, satisfactory, ineffective manner. Instead you send for a massage and have it massaged for the "sulks."

The latest treatment for naughty children is to look upon their naughtiness as purely a physical disorder, the result of which is the stomach. The mother or nurse should treat the child as a patient. The stomach should be well massaged, and after being kept quiet for an hour or two the naughty child will emerge radiantly happy, serene and amenable. The Japanese, who are the masters of self control, have long used this treatment for children in a temper. In Japan all naughtiness in children is supposed to proceed from a disordered stomach and is treated accordingly.

**IN HOT WEATHER.** When entertaining in hot weather the hostess should not wait until the usual hour to serve refreshments. As soon as the guests arrive some cool drink should be served to them. In fact, it is a far better plan to pass iced drinks or fruit loaves with little fancy cakes several times than to wait until later and then serve ice cream and rich cake.

### Hints From Everywhere

THIS affair was offered by a hostess at a linen shower given for a recent bride. There were twelve guests and four tables. At each table there was a bowl containing fifty needles of all sizes and thread. The game was to see which couple could thread the most needles in three minutes, the contest beginning and ending with the tap of a bell. The two having the largest score progressed to the next table, each player having a dainty placematin in which to stick the pins to mark the progressions. These pins had colored heads. A dainty equipped sewing bag was the head prize, and a little workbasket of odd design was the second. Embroidery scissors in a case made an acceptable consolation prize. Every one had the jolliest kind of a time, and it was a very easy party to prepare.

Every other fashionable woman in Paris is wearing her hair in a fringe of curls over her forehead or in a straight incurved bang, all of which goes to prove that as the bang has arrived in the City of Light it will soon appear on this side of the water. And more's the pity for the woman of smooth, pretty brow, but painfully few of that kind exist on account of the strenuous age in which we live. No doubt the bang has been brought out again by some fashionable with a drawn or lined forehead.

When hanging clothes out on the line to dry it will save much trouble and time if a wire hook is fastened to the handle of a grape basket. In this basket is dropped the clothespins. Hanging the basket over the line, pushing it along before you as you need the pins.

The corner that the kitchen range occupies, be it either a coal or a gas range, will not look half so dingy if when polishing it a little flaked alum is added to the blacking and the nickel parts are cleaned with an old chamomis dipped in ammonia ever so lightly, but do not apply the ammonia unless the range is cool. It does more effective work when the nickel parts are cold.

At an informal dinner party the guest who is on intimate terms of friendship with the host or hostess pays the latter a compliment when he requests a second helping to a dish.

## Objects of Household Art In Terra Cotta

CLOCK, LAMP AND VASE IN BYZANTINE STYLE.

STUDENTS at art schools are turning out better and more artistic work in plastic art every year. And the objects illustrated were designed by pupils at the Young Women's Christian association of New York city. As may be seen, the lamp in the center is an adaptation of the early Byzantine style, and in certain rooms it would lend just the correct artistic note. The lamp is for hall use, the light being placed inside and shining out through the openwork of the frame. Extremely good, too, is the clock case if used on a brick or stone mantelshelf. The small vase is for flowers.

**FOR RENT—Rooms**

NY, two or three furnished house-  
 hold items, 1447 K.

 one, white star on forehead. Phone

## STERN PAPA SEPARATES NEWLY WED COUPLE IN THIS CITY

Groom Is in Jail Charged  
With Having Commit-  
ted Perjury.

Will Be Given Preliminary  
Examination This Af-  
ternoon.

Following the elopement of Lelandia Feliz and Miss Frieda Jacobson, both from Colare, and their marriage in this city shortly before midnight, Wednesday, the father of the bride, arrived in Fresno yesterday morning and in place of congratulating his new son-in-law, he appeared before Assistant District Attorney McCormick and told that official that Feliz had committed perjury by swearing that his daughter was 18 years of age. Jacobson said that his daughter is only 16 years of age. A warrant was drawn up in the district attorney's office and was later issued by City Justice Graham.

Acting Detective Knight served the warrant on Feliz shortly before noon at the home of his sister on El Dorado avenue. Feliz was lodged in jail, but later in the day was taken before City Justice Graham and informed of his rights. The preliminary examination was set for this afternoon. In default of \$2000 bonds Feliz was returned to jail to await his examination. Feliz appeared unconcerned about his arrest and when seen at the county jail last night refused to talk for publication. At that time he was busily engaged in playing a game of cards and declared that he did not care to be disturbed.

As a result of the adventure of the former Miss Jacobson, she will now have to appear in the juvenile court on Monday and answer to a complaint charging her with being incorrigible. Jacobson claims that his daughter is under 16 and that he is unable any longer to have any control over her. After signing the complaint against his son-in-law, Jacobson then signed the petition against his daughter.

Feliz and his wife-to-be arrived in Fresno Wednesday night and went immediately to the home of Feliz's sister on El Dorado avenue. Feliz's sister married T. E. Hill, son of William Hill of this city.

Mr. and Mrs. Hill and the young couple then went to the home of Justice Smith, and he accompanied them to the court house, where previous arrangements had been made with Deputy County Clerk Ewing for the leasing of the marriage license. The couple were then married by Justice Smith in the presence of the other people.

Feliz is charged with having committed perjury when he got the age of his prospective bride as 18. Miss Jacobson herself gave the information to the deputy county clerk, but inasmuch as Feliz signed the license and took an oath that the information as given was true, he is therefore alleged to have committed the felony charge.

After Feliz was lodged in the county jail the young wife was taken in custody by her father and they went to the home of relatives in lower M street, so that he could be present at the preliminary hearing this afternoon.

## Is Your House Pretty?

If your house is not pretty you can easily make it so. You can have the good opinion of your neighbors if you will paint it and make it an ornament to the part of town in which you live.

If the inside of the house is not attractive you can easily make it so. We have every kind of paint, enamel and stain, and varnish for interior decorating. We will give you suggestions on what to use.

**BALL  
WALL PAPER CO.**  
914-16 J STREET

## BRIX TO BUILD FINE BUSINESS BLOCK ON J STREET, IS REPORT

Refuses to Extend Leases  
in Griffith Block and  
Small Theater.

Reports from inside realty circles here are to the effect that B. H. Brix is soon to build a fine new business structure on the present site of the old Griffith block and an adjacent moving picture theater on J street, between Main and Fresno streets.

Color is lent the report by the circumstance that Brix has refused to renew his leases held by various tenants in the affected buildings. It is understood that Brix is to occupy the whole site. While nothing definite is known of plans, the size of the site will at least assure a building of very considerable proportion.

The old Griffith block is three stories in height, and is one of the landmarks of that part of the city. The moving picture theater is a one story structure, put in to fill the site occupied by a former building that was destroyed by fire about four years ago. Brix, who made his money in the oil game and in real estate in and about Coalinga, recently completed on Fresno and 8 streets one of the finest residences in this city.

## LABOR LEADER SIGNING CONTRACTS TO SUPPLY GREEK LABORERS

Two Hundred Men Engaged  
to Work at Tarpey  
Vineyard.

Inquiry Comes From Kings-  
burg; All Wants Can  
Be Supplied.

That many Greek laborers are available for work in the vineyards of Fresno county is evidenced by the fact that T. C. Seaward, vice president of the State Federation of Labor, yesterday signed a contract to furnish 200 men to the Tarpey vineyard and vineyard. Seaward stated that all inquiries regarding the employment of Greek laborers should be addressed to him at Union headquarters in Chance Hall on L street. Seaward was busy engaged yesterday in his task of signing up the contract with the management of the Tarpey ranch.

Storis, state organizer of the Migration League, who is here organizing a branch union, is adding Seaward in every possible way. Storis declares that the importation of Greek laborers will solve the problem of vineyard laborers in the San Joaquin valley. He says he can furnish 3500 men if necessary to harvest the grape crop this fall. Storis is working together in this effort to get the laborers here.

During the past few days numerous inquiries, over the telephone and by mail, have been received at the Republican office from vineyardists who are desirous of hiring the Greek laborers. One of the vineyardists came from Kingsburg. The writer stated that there are no Japanese and Chinese grape pickers in the southern section of the county. For this reason the Kingsburg vineyardists are apprehensive of a scarcity of laborers and anxious to secure the Greeks if they are available. According to statements made by Seaward and Storis, they will be in a position in a few days to supply all demands.

Contracts with vineyardists will be made by Seaward, who states that if necessary he can get a supply of Greek laborers here that will pick the entire grape crop. It is hoped to make the labor supply permanent.

## TRACHOMA AMONG INDIANS IS NOW UNDER CONTROL

SANTA FE, N. M., Aug. 31.—Clinton J. Crandall of Santa Fe was elected permanent chairman of the trachoma conference of Indian educators and physicians, in session here. Dr. Joseph A. Murphy, in charge of the Indian medical service in the United States, today declared that the disease was under control.

## EDWARD JONES IS NOW AT THE HEAD OF FRESNO POLICE FORCE

William Shaw Became Pri-  
vate Citizen at Stroke  
of Twelve.

Shaw Will Take Long Rest  
and Then Engage in  
Business Here.

William Shaw, who retired after five years as head of police department.

With the stroke of the clock at midnight last night, William Shaw, who for the past thirteen years has devoted his time to the citizens of this city first as constable, then as city trustee and last as chief of police, became a private citizen and Edward Jones, virtually assumed the head of the police department although he will not report for actual duty until this morning at noon. Since the clock struck midnight Chief of Police Jones was busy at his home turning the books of the Woodmen of the World, as he was clerk of the organization in this city until he resigned to accept the position of chief of police.

Yesterday afternoon Chief Jones and Shaw were observed in the private office of the chief of police at the city hall for over an hour. As Shaw handed Chief Jones the little gold star that he had worn for the last five years, he told the new chief of the duties that he would be expected to perform and that he wished him much success.

Jones pinned the star under the lapel of his coat. He is now chief of police and will take the reins over this morning. Since the clock struck midnight, Chief of Police Jones was busy at his home turning the books of the Woodmen of the World, as he was clerk of the organization in this city until he resigned to accept the position of chief of police.

The gold star which Chief Jones is now wearing was purchased for Chief of Police White. The star was then worn by Chief DeVoe and on the first day of September, 1906, was turned over to William Shaw.

William Shaw first became a servant of the public over thirteen years ago when he was elected constable of the third township. Shaw was re-elected constable and served in that office for six years. He was then elected city trustee from his ward which office he held for two years and was later appointed chief of police and has served at the head of the police department for exactly five years.

"In one sense of the word I am glad to be relieved of the responsibility of the office of chief of police," said Shaw last night. "But still I have enjoyed serving the residents of this city as head of the police department. I have always tried to do my utmost to preserve the peace and to keep order in the city. I have made mistakes but no one can always be in the right. I leave the office with no ill feelings toward any one and Major Jones has my best wishes."

Having been at the head of the police department for exactly five years and I thought that it was time for me to give some one else a chance. Five years in one public office is enough time for any person to devote to his life."

"No, I have not made up my mind as to what I will do in the future. I am going to take a good long rest but will not go away. I am going to stay right here in Fresno and take little trips in and out of the country. After I am thoroughly rested I may go into the real estate business or take up contracting carpentering."

## DIED WITHIN FIFTEEN FEET OF SAFETY

ELLY, Nev., Aug. 31.—When the shaft of the Granger Consolidated mine, which was closed Friday to extinguish the fire which caused the death of seven men, was closed today, the body of Daniel Drexler, secretary of the mine, who had been found on top of the ladder platform fifteen feet from the surface. He almost had reached safety when he was overcome by the smoke and heat. The remains of John McNitte are still in the mine, the shaft being closed to prevent further search at present.

## SHUR-ON EYE GLASSES

1123 J STREET  
Optometrists and Opticians

## EARLY MORNING FIRE AT CLOVIS THREATENS TO WIPE OUT BLOCK

Three Buildings Are Burn-  
ed; Townsmen Battling  
With Flames.

CLOVIS, Sept. 1.—An early hour fire, threatening the block-out in the business shop at front and Little streets. The flames had gained a head start before discovery and burned to roots. They soon spread to John Bough's shoe store and building and contents were destroyed. The fire then moved to Fred's saloon, where it is being fought at this writing. A volunteer band is making a strong effort to contain the flames, but the entire block is threatened.

## TEN MEN INJURED IN \$100,000 FIRE.

CHICAGO, Aug. 31.—Fighting against flames which swept through a four-story building in the downtown district today, ten men were slightly injured by an explosion of chemicals and before the fire was extinguished \$100,000 worth of property was burned. The burning building was two doors from the Practitioners' hospital and patients there were quoted with difficulty by the attendants.

## INDEPENDENTS WILL NOT NAME GRAPE PRICE, SAYS MATTEL

Also Declares Talk of War  
in Wine Business Is All  
a Dream.

Organized Interests Name  
\$9 and \$8 Minimum for  
Prices.

A. Mattel, one of the leading independent wine manufacturers of California, yesterday denied that there is any danger of a war between the California Wine Association and allied interests and the big independents. And he laughed aside the declaration coming from West & Son that the fixing of a price for wine grapes will be left this year to the independents.

"That's what they said last year," observed Mattel, "and yet they were the people who named the price. So far as I know, there has been no price named this year. Yes, we will very soon have to buy grapes, but I am not buying any as yet."

"This talk about war between the wine makers is all bluff. Nobody wants a war, and there is not going to be any. It would do no good to anybody and it would hurt everyone connected with it. This combine formed by Tarpey, Rogers and the Lodi Co-operative, about which a good deal has been said, is purely a selling agency, and will not go in for any other activity, I believe."

It is stated that representatives of the California Wine Association have declared that reports of a fixing of a wine grape price are untrue, as the price will not be fixed "for several days yet." Meantime, everybody connected with the organized interests, who is giving out anything for publication, is talking of \$9 and \$8 minimum, with a bonus of \$1 for growers who will contract to deliver all of their crop to the winery.

Ripening of the grapes continues to be somewhat delayed by poor weather. Through the summer, registered higher yesterday than for some time. 104—the humidity was considerable, especially in the early morning, and the sky was frequently overcast during the day.

## FRESNO FUGITIVE IS WANTED IN COLORADO

Local Police Requested to  
Keep Lookout for Fred  
McCue.

After being shot from the Fresno county prison, Fred McCue, who was serving a six months sentence for petit larceny, went to Colorado Springs and there stole a diamond ring valued at \$500 from a woman. McCue escaped his cell and is now making a search for him. It was thought that McCue might return to Fresno so the local police were yesterday notified to be on the lookout for him. McCue has a bad reputation in this county. While in Fresno he robbed his neighbors one night and left for Long Beach, where he was later arrested for the same information furnished by the Long Beach officials by Detective Farnum. The Fresno officer went after McCue and brought him to this city where he pleaded guilty to the charge of petit larceny.

## CONTRACTS THROWN DOWN BY PACKERS

Dinuba Man Claims He Was Told to  
Buy and Goods Were  
Repudiated.

Lee Campbell of Dinuba, after buying about 150 tons of fruit for the Fresno, Seeded Raisin Company of Fresno, and after the contract was repudiated, according to the Dinuba Sentinel, it is stated Campbell was engaged to buy fruit for the company at the prevailing price by Ed. Aaronson, a representative of the company, and that after a part of the goods had been loaded on car for shipment to the packing house here, three days later contracts had been sent in to Fresno, a telephone message was received by Campbell from the company, saying the contracts would not be recognized. The fruit was bought at the following prices: Peaches, 9-12c, muskats, 1-2c; Thompsons, 6-8c, Sultaninas, 3c. It is being returned to growers.

## REQUESTS POLICE TO AID IN SEARCH FOR HER MISSING SON

Mrs. B. Smith of Stockton  
Fears Son Has Met With  
Foul Play.

Missing Youth Was in  
Fresno Last Time He  
Wrote to Parents.

Fearing that their son, Morris G. Williamson, aged 18 years, has met with foul play or is in a local sanatorium and unable to notify them, Mr. and Mrs. B. Smith of Stockton are in Fresno conducting a search for their missing son, and yesterday afternoon requested the police to aid them in the search.

That her boy is ill or that he has met with foul play is the opinion of his mother. She is very much worried over the fact that she cannot find him and she fears that he is now lying in a hospital somewhere in this county and is unable to notify her of his sickness. The last time Mrs. Smith heard from her son he was in Fresno looking for work. This was on the 24th of this month. The lad wrote his mother that he was not feeling very strong and that if he was unable to find work here he would go to Coalinga.

Mrs. Smith has not heard a word from him since that time. The authorities at Coalinga have been notified, but thus far she has received no word from the officer there. Williamson attends the public schools in Stockton during the winter months, but works during the summer. This summer he went to Sonoma and worked in the lumber camps. While there he contracted typhoid fever and was confined to the hospital for some time. He then wrote his parents that he was going to Fresno to look for work. He arrived in Fresno, as she says, his mother from here, but she has not heard from him since that time.

Mrs. Smith then became so worried that she could not stand it any longer, so accompanied by her husband, she came to Fresno and requested the police to assist them in their search. Police Detective Gooding, yesterday and last night worked on the case, but was unable to find any trace of the missing boy.

Along in the middle of last month two youths were arrested in Fresno on vagrancy charges. They pleaded guilty and were "floated" out of town. Detective Gooding is of the opinion that one of these boys might have been the son of Mrs. Smith, as he answered the general description. Another fact that strengthens Gooding's theory is that the boy declared if given his liberty he would go to Coalinga, where he expected to find work. Mr. and Mrs. Smith while in Fresno are stopping at 917 L street.

Williamson is 18 years of age, although he looks to be about 20 or 21. He weighs about 150 or 160 pounds and has brown hair, blue eyes, a medium dark complexion, but is very tanned.

## PARADE FORMATION IS MADE FOR LABOR DAY

Two Floats to Be in Line;  
5000 Expected at Big  
Barbecue.

T. C. Vickers, chairman of the Labor Day celebration committee, yesterday announced the formation of the parade to be held Monday morning. Vickers is grand marshal of the day and will have two aides and each union in the city will be represented by an aide. The men will march three abreast. Floats will be entered by the clerks' union and a local labor newspaper.

The formation of the parade, as prepared by Vickers, will be as follows: The Building Trades division will form on Fresno street between K and L. The Labor Council division will form on K street between Fresno and L. The parade will start at 9:30 a. m. and go down Fresno street to L, thence along L to Tulare, thence to J, to Fresno, to K, south on K to Tulare and counter-march on K. The reviewing stand will be in front of the fountain in the court house. The march at K and Mariposa streets. Returning in counter-march along K street, the men in the Building Trades division will turn to the left at Fresno street while the men in the Labor Council division will turn to the right and march by two along K to Mariposa. When halted the men will face each other in the two long rows.

The positions of the various unions will be arranged by John Gorell, chairman of the parade committee. Gorell was working on the list yesterday but did not complete it. It is proposed to have the men in line and the procession under way at 9:30 o'clock. The men have been instructed to meet at Union Hall promptly at 9 o'clock Monday morning to receive instructions as to their positions in the parade.

Immediately after the march through the principal streets, the men will adjourn to Recreation Park where a big barbecue will be held at the noon hour. Frank Gonzales, one of the best known chefs in the state, has been engaged to prepare the barbecued meat. Yesterday arrangements were made to purchase the supply of beef. The price paid was 1 cent in advance of the market, but the union committee obtained a supply of meat from young steers.

The big sporting feature of the afternoon at the park is the baseball game between the Tigers and Bittels of the City League. The game will be called at 2:30 o'clock. Twenty-five per cent of the gate receipts at the ball game will be given to the unions. Other athletic contests will be held and \$250 in commercial prizes have been donated.

Swimming, skating and a balloon ascension are other attractions on the program. Manager Martin of Recreation Park, predicts the attendance will be in the neighborhood of 5000.

"We are all meditating as meritorious as Chamberlain's Colic, Cholera and Diarrhea Remedy the world would be much better off and the percentage of suffering greatly reduced," writes Lindsay Scott of Temple, Ind. For sale by all dealers.

## Kutner's

The House That Saves You Money  
1119-1123-I Street

## The Most Improved Cast and Steel Ranges

The modern cooking range is highly convenient and saves a great deal of work besides allowing better results. Glenswood and Eureka steel ranges do the best work because they are made in the best way. They are the result of intelligent study and observation and embody the correct principles, which are lacking in many stoves. The draft is perfect and the oven can be accurately regulated. There is a minimum of heat. Less fuel is required than for less scientifically constructed stoves.

We also have cast ranges that are highly satisfactory. We can show you them at different prices and in different styles. All of them are good because that is the only kind we sell.

## Did You Ever Stop to Think

Why we have grown to be the  
largest Furniture and Carpet House  
in the Valley?

It is because we are patronized by the most people. We buy and sell in far larger quantities than any other store, and so can buy and consequently sell better goods cheaper. The public realizes this, and it is through them that we have grown to our present magnitude.

Always look to a large buyer for lower prices. If you have not thought of this before, why don't you see about it now?
